The author of three novels, four collections of poetry, and numerous screenplays for television and film, John William Corrington was perhaps at his finest with the short story. Compiled from three volumes of short fiction and one previously uncollected story, The Collected Stories of John William Corrington brings together the work of a craftsman whose stories tell of the violence and mercy of the human spirit, of the fine line between law and justice, and of times gone by that.

This landmark volume combines the entire Pulitzer Prize-winning collection, "The Stories of John Cheever," with seven selections from Cheever's first book, "The Way Some People Live."

"The Demon Lover," "Summer Night," "Ivy Gripp'd the Steps," and "The Happy Autumn Fields." Whether placing her reader in a remote Irish castle or a seaside Italian villa or bomb-scarred London during the Blitz, Bowen was famous for scene setting of almost hallucinatory vividness, but her ability to evoke inner landscapes of spellbinding intensity was even more remarkable. Frustrated lovers, acutely observed children, and even vengeful ghosts inhabit her tales with an urgency and emotional complexity that make it clear that the drama of human consciousness was her central subject. These stories are enduring testimony to Bowen's reputation as a creator of finely chiseled narratives--rich in imagination, psychological insight, and craft--that transcend their time and place.

Two volumes collect short stories written by the author over the course of his career.

Winner of the PEN/Faulkner Award for Fiction A harvest and not a winnowing, this volume collects 103 stories, almost all of the short fiction that John Updike wrote between 1953 and 1975. "How rarely it can be said of any of our great American writers that they have been equally gifted in both long and short forms," reads the citation composed for John Updike upon his winning the 2006 Rea Award for the Short Story. "Contemplating John Updike's monumental achievement in the short story, one is moved to think of Nathaniel Hawthorne, Henry James, Ernest Hemingway, and perhaps William Faulkner—writers whose reputations would be as considerable, or nearly, if short stories had been all that they had written. From [his] remarkable early short story collections . . . through his beautifully nuanced stories of family life [and] the bittersweet humors of middle age and beyond . . . John Updike has

created a body of work in the notoriously difficult form of the short story to set beside those of these distinguished American predecessors. Congratulations and heartfelt thanks are due to John Updike for having brought such pleasure and such illumination to so many readers for so many years. ”
