Soft Computing | Volumes and issues

The journal aims to connect the ideas and techniques of soft computing with other disciplines. Soft Computing is dedicated to system solutions based on soft computing paradigms.

Soft Computing | Aims and scope

Journal of Soft Computing and Decision Support Systems (eISSN: 2289-8603) has a wide scope by covering almost all the engineering and science applications of soft computing and decision support systems.

Journal of Soft Computing and Decision Support Systems

Soft Computing provides rapid dissemination of important results in soft computing foundations, methodologies and applications. It encourages the integration of soft computing theoretical and practical results into both everyday and advanced applications. The journal aims to connect the ideas and techniques of soft computing with other disciplines.
