A major and controversial new biography of one of the most compelling and contradictory figures in modern British life. Born Alexander Boris de Pfeffel Johnson, to most of us he is just 'Boris' - the only politician of the age to be regarded in such familiar, even affectionate terms. Uniquely,

he combines comedy with erudition, gimlet-eyed focus with jokey self-deprecation, and is a loving family man with a roving eye. He is also a hugely ambitious figure with seemingly no huge ambitions to pursue - other than, perhaps, power itself. In this revealing biography, written from the vantage point of a once close colleague, Sonia Purnell examines how a shy, young boy from a broken home became our only box-office politician - and most unlikely sex god; how the Etonian product fond of Latin tags became a Man of the People - and why he wanted to be; how the gaffe-prone buffoon charmed Londoners to win the largest personal mandate Britain has ever seen; and how the Johnson family built our biggest - and blondest - media and political dynasty. The first forensic account of a remarkable rise to fame and power, Just Boris unravels this most compelling of political enigmas and asks whether the Mayor who dreams of crossing the Thames to Downing Street has what it takes to be Prime Minister.

no huge ambitions to pursue - other than, perhaps, power itself. One of the most private men in public life, we all know of Boris, but so few can truly claim to know him. He invites attention, but has evaded scrutiny. Now, from the vantage point of a once close colleague, Sonia Purnell charts his remarkable rise and offers the first forensic account of just how he did it. Drawing on hundreds of interviews with Boris's friends, rivals, admirers and enemies, this revealing biography examines how a shy, young boy from a broken home grew up to be our only box-office politician - and most unlikely sex god; how the Etonian product fond of Latin tags became a Man of the People - and why he wanted to be; how the gaffe-prone buffoon charmed Londoners to win the largest personal mandate Britain has ever seen; and how the Johnson family has built our biggest - not to mention blondest - media and political dynasty. At times, allegations of infidelity, journalistic chicanery, rivalries with fellow Tories and scandal at City Hall have threatened to upset his rise, but still it continues. With his unruly mop of hair, trusty bicycle and the surest of popular touches, he remains a Teflon-coated breed apart - but for how long? In Just Boris Sonia Purnell unravels this most compelling of political enigmas and casts light on his record and his character. Finally, she asks whether the Mayor who dreams of crossing the Thames to Downing Street has what it takes to

be Prime Minister.

Read how Britain's new Prime Minister was inspired by Winston Churchill 'The must-read biography of the year.' Evening Standard 'He writes with gusto... the result is a book that is never boring, genuinely clever ... this book sizzles.' The Times The point of the Churchill Factor is that one man can make all the difference. On the eve of the fiftieth anniversary of Winston Churchill's death, and written in conjunction with the Churchill Estate, Boris Johnson explores what makes up the 'Churchill Factor' - the singular brilliance of one of the most important leaders of the twentieth century. Taking on the myths and misconceptions along with the outsized reality, he portrays - with characteristic wit and passion - a man of multiple contradictions, contagious bravery, breath-taking eloquence, matchless strategizing, and deep humanity. Fearless on the battlefield, Churchill had to be ordered by the King to stay out of action on D-Day; he embraced large-scale strategic bombing, yet hated the destruction of war and scorned politicians who had not experienced its horrors. He was a celebrated journalist, a great orator and won the Nobel Prize for Literature. He was famous for his ability to combine wining and dining with many late nights of crucial wartime decision-making. His open-mindedness made him a pioneer in health care, education, and social welfare,

though he remained incorrigibly politically incorrect. Most of all, as Boris Johnson says, 'Churchill is the resounding human rebuttal to all who think history is the story of vast and impersonal economic forces'. The Churchill Factor is a book to be enjoyed not only by anyone interested in history: it is essential reading for anyone who wants to know what makes a great leader.

Foreword by Harriet Walter. Clementine Churchill: A Life in Pictures is a fully illustrated and abridged edition of Sonia Purnell's acclaimed biography, First Lady, including over 100 stunning and rarely seen photographs. Without Winston Churchill's inspiring leadership Britain could not have survived its darkest hour. Without his wife Clementine, however, he might never have become Prime Minister. By his own admission, his role in the Second World War would have been impossible but for 'Clemmie'. That Clementine should have become Britain's First Lady was by no means preordained. She may have been born an aristocrat but her childhood was far from gilded. Deprived of affection, a secure home and sometimes even food on the table, by the time she entered high society she had become the target of cruel snobbery. Yet in Winston she discovered a partner as emotionally insecure as herself; and in his career she found her mission. Theirs was a marriage that was to change the course of history. Clementine gave Winston

confidence, conviction and counsel. Not only was she involved in some of the most crucial decisions of the war, she also exerted an influence over her husband and his governments that might be judged scandalous today. Her ability to manage this exceptional man, and to charm Britain's allies, earned her the deep respect of world leaders, ministers, generals and critics alike. While her tireless work to alleviate suffering on the Home Front and abroad made her a champion to many in the population at large. From the personal and political upheavals of the Great War, through the Churchills' 'wilderness years' in the 1930s, to Clementine's desperate efforts to sustain Winston during the struggle against Hitler, *Clementine Churchill: A Life in Pictures* continues to uncover the memory of one of the most remarkable women of modern times.

"Engrossing...the first formal biography of a woman who has heretofore been relegated to the sidelines."-The New York Times From the author of the New York Times bestseller *A Woman of No Importance*, a long overdue tribute to the extraordinary woman who was Winston Churchill's closest confidante, fiercest critic and shrewdest advisor that captures the intimate dynamic of one of history's most fateful marriages. Late in life, Winston Churchill claimed that victory

in the Second World War would have been "impossible" without the woman who stood by his side for fifty-seven turbulent years. Why, then, do we know so little about her? In this landmark biography, a finalist for the Plutarch prize, Sonia Purnell finally gives Clementine Churchill her due. Born into impecunious aristocracy, the young Clementine Hozier was the target of cruel snobbery. Many wondered why Winston married her, when the prime minister's daughter was desperate for his attention. Yet their marriage proved to be an exceptional partnership. "You know," Winston confided to FDR, "I tell Clemmie everything." Through the ups and downs of his tumultuous career, in the tense days when he stood against Chamberlain and the many months when he helped inspire his fellow countrymen and women to keep strong and carry on, Clementine made her husband's career her mission, at the expense of her family, her health and, fatefully, of her children. Any real consideration of Winston Churchill is incomplete without an understanding of their relationship. Clementine is both the first real biography of this remarkable woman and a fascinating look inside their private world. "Sonia Purnell has at long last given Clementine Churchill the biography she deserves. Sensitive yet clear-eyed, Clementine tells the fascinating story of a complex woman struggling to maintain her own identity while serving as the conscience and principal
