Alex Cross faces an unlikely killer, humans evolve into a sinister new species, and a handsome thief faces his deadly ex-partner in this collection of three pulse-pounding thrillers. Cross Kill: Along Came a Spider killer Gary Soneji has been dead for over ten years. Alex Cross watched him die. But today, Cross sees him gun down his partner. Is Soneji alive? A ghost? Or something even more sinister? Nothing will prepare you for the wicked truth. Zoo 2 (with Max DiLallo): James Patterson's Zoo was just the beginning. The planet is still under violent siege by ferocious animals. Humans are their desperate prey. Except some humans are evolving, mutating into a savage species that could save civilization -- or end it. The Pretender (with Andrew Bourelle): Logan Bishop is a handsome thief living off a stash of stolen diamonds. But when his murderous ex-partner tracks him down, Logan must find a way to turn the tables -- or lose the only woman who can handle the truth. BookShots Lightning-fast stories by James Patterson Novels you can devour in a few hours Impossible to stop reading All original content from James Patterson

Meet Pyat: Tsarist rebel, Nazi thug, continental con man and reactionary counterspy. He is the dark and dangerous antihero of the legendary Michael Moorcock's most controversial work. Published in 1981 to great critical acclaim - then condemned and unavailable in the United States for thirty years - Byzantium Endures is the story of a cocaine addict, sexual adventurer and obsessive anti-Semite whose journey from Leningrad to London connects him with those from Trotsky to Makhno, and whose career echoes that of the twentieth century's descent into Fascism and total war.

Pemeliharaan dan Pemuliharaan Alam Sekitar di Malaysia memuatkan 12 bab yang diusahakan oleh penulis dari latar ilmu yang pelbagai sebagai reaksi mereka terhadap kepentingan memelihara dan memulihara alam sekitar di Malaysia. Buku ini ditulis untuk memberi pengetahuan, maklumat dan kesedaran tentang isu-isu berkaitan pemeliharaan dan pemuliharaan alam sekitar di Malaysia agar alam sekitar terus terpelihara. Hal ini kerana persoalan alam sekitar semakin penting dan menyerlah dalam kehidupan seharian masyarakat dan menjadi agenda utama dalam pembangunan negara. Alam sekitar sangat penting dipelihara dan dipulihara kerana ia bukan sahaja memberikan perkhidmatan kepada manusia tetapi juga merupakan sistem bantuan kehidupan yang tidak ternilai. Semoga buku ini dapat mengisi ruang yang belum diliputi oleh buku lain di samping menampung kekurangan tersebut dalam usaha memupuk sikap prihatin dan sifat kecintaan yang mendalam terhadap alam sekitar.

A "dark and funny debut"(Seattle-Times) about a young police officer struggling to maintain a sense of reality in a town where the dead outnumber the living. Colma, California, the "cemetery city" serving San Francisco, is the resting place of the likes of Joe DiMaggio, Wyatt Earp, and William Randolph Hearst. It is also the home of Michael Mercer, a by-the-book rookie cop struggling to settle comfortably into adult life. Instead, he becomes obsessed with the mysterious fate of his predecessor, Sergeant Wes Featherstone, who spent his last years policing the dead as well as the living. As Mercer attempts to navigate the drama of his own daily life, his own grip on reality starts to slip-either that, or Colma's more famous residents are not resting in peace as they should be.

Originally published by HarperCollins in 1992.

A thoughtful exploration of the intriguing mysteries and unanswered questions of Scripture combines full-color illustrations and photographs with commentary by renowned biblical scholars to offer a study of the story of Creation, the life and miracles of Jesus Christ, the Ark of the Covenant, ancient historical sites, and other key topics. Original.

"The focus of this volume of essays on the literary representation of the aftermaths of wars over time and place is very significant. Although there have been many studies of gender and wartime, and this has expanded into a recognized field of academic study, little attention has been paid to the return to a peacetime landscape. To focus on this complex subject and its literature provides the opening not only for new pathways to academic teaching and research, but to important interventions in the ways we think about war literature and the many periods that fall under the rubric of 'interwar.'" -Phyllis Lassner, Northwestern University "Back to Peace provides a critical meditation on the contested social and cultural terrains of peacetime, from Dryden's England to the more recent diaspora of Vietnamese writers in exile. The editors of this volume bring together an international group of

scholars to trouble the categories of peace and war and to expose the anxieties and ambiguities that strew the paths of postwar writers. Readers of these essays will find rich evidence that the return to peace—represented in poetry, drama, fiction, and nonfiction—is anything but peaceful for individuals or nations.” —Jane E. Schultz, Indiana University-Purdue University-Indianapolis Scholars have rarely studied a society’s return to peace as a cultural category, as a formative experience common to many lives at any time in history. This collection of original essays by historians and literary critics explores the complex and difficult question of how a culture does, in fact, “return to peace” after a war. Combining analyses of both literary texts and historical sources, the contributors focus on the cultural, political, and personal implications of returning to peace.

As learning moves into a more innovative and technologically savvy environment, it becomes increasingly important that library education continues to adapt and understand the resources that are available. Advancing Library Education: Technological Innovation and Instructional Design aims to provide relevant theoretical frameworks, empirical research, and new understandings for those interested in Library and Information Science and the impact new techniques and technologies are having in this area. Librarians, academics, and researchers will benefit from this careful look into current advancements in their field.
