the justification for associating social attitudes with these terms.

The core ideas are that the structure of social attitudes, those sets of beliefs about social objects or referents shared by many or most people of a society, is basically dualistic rather than

questioned. Instead, liberalism  
and conservatism are conceived  
as separate and independent sets  
of beliefs. The book will elaborate  
and explain these statements and  
bring evidence to bear on the  
empirical validity.
