Això precisament és el que passa amb la història que relata Carlos Ruiz Zafón a L ' ombr del vent. De la mà del llibreter Daniel Sempere, el lector se submergeix en un món d ' intrigues, misteris, secrets, amors impossibles, personatges obscurs i llibres.

Una matinada del 1945 un noi és acompanyat pel seu pare a un indret misteriós amagat al cor de Ciutat Vella: el Cementiri dels Llibres Oblidats. Daniel Sempere hi troba un llibre maleit que canvia el rumb de la seva vida i l'arrossega a un laberint d'intrigues i secrets enterrats a l'ànima fosca de la ciutat. L'Ombr del Vent és un misteri literari ambientat a la Barcelona de la primera meitat del segle xx, des de les últimes esplendors del modernisme fins a les tenebres de la postguerra. Combinant les tècniques del relat d'intriga i suspens, la novel·la històrica i la comèdia de costums, L'Ombr del Vent és, sobretot, una tràgica història d'amor el ressò de la qual es projecta a través del temps. Amb gran força narrativa, l'autor entrellça trames i enigmes a manera de nines russes en un inoblidable relat sobre els secrets del cor i l'encís dels llibres, amb una intriga que es manté fins a l'última pàgina.

This second book sees Camille alongside two other prominent women, the sculptress Jeanne Bardey that was the last student and lover of Rodin and Dr. Madeleine Pelletier... Camille and Madeleine... two women who can not seem more different because the first had of love relationships that have marked his personal and artistic life, and the second by what she said and from what I have reconstructed the his biographers did not have love stories important and has dedicated his life to fighting for the rights of women and the medical career... and yet it seems to me that one thing in common Camille and Madeleine were angry, a bad relationship with their mothers, one of those conflicting reports that lead a woman to create an identity completely different from that of her mother just from the point of view of both sentimental is working, not the normal rebellion of the adolescent girls in relation to their mother...

The Spanish Civil War (1936-1939) pitted conservative forces including the army, the Church, the Falange (fascist party), landowners, and industrial capitalists against the Republic, installed in 1931 and supported by intellectuals, the petite bourgeoisie, many campesinos (farm laborers), and the urban proletariat. Provoking heated passions on both sides, the Civil War soon became an international phenomenon that inspired a number of literary works reflecting the impact of the war on foreign and national writers. While the literature of the period has been the subject of scholarship, women's literary production has not been studied as a body of work in the same way that literature by men has been, and its unique features have not been examined. Addressing this lacuna in literary studies, this volume provides fresh perspectives on well-known women writers, as well as less studied ones, whose works take the Spanish Civil War as a theme. The authors represented in this collection reflect a wide range of political positions. Writers such as María Zambrano, Mercè Rodoreda, and Josefina Aldecoa were clearly aligned with the Republic, whereas others, including Mercedes Salisachs and Liberata Masoliver, sympathized with the Nationalists. Most, however, are situated in a more ambiguous political space, although the ethics and character portraits that emerge in their works might suggest Republican sympathies. Taken together, the essays are an important contribution to scholarship on literature inspired by this pivotal point in Spanish history.

One of the earliest troubadours, Marcabru was a remarkable artist and entertainer, and a figure of crucial importance to the development of the European courtly lyric. His blistering attacks on contemporary court society reveal an intellectual insider's view of the clash between clerical morality and the emerging secular ethics of love and courtesy. His fervent, often acerbic engagement with contemporary events also provides a unique southern perspective on political upheavals and crusading movements in twelfth-century Occitania and northern Spain. This new critical edition, the first for nearly 100 years, makes his complete corpus accessible to a wide readership, supplying translations, full critical apparatus, and copious textual notes, with a substantial glossary of Marcabru's extraordinarily inventive vocabulary, which makes his songs an exceptional resource for students of the Occitan language. The introduction supplies historical information, discussion of the poet's language, and an analysis of the manuscript transmission. It also raises fresh issues of troubadour versification techniques in this formative period, and engages in a new way with the current debate about editorial methodology and medieval textual criticism. SIMON GAUNT is Professor of French language and Literature at King's College, London; RUTH HARVEY is Senior Lecturer in French at Royal Holloway University of London; LINDA PATERSON is Reader in French at the University of Warwick.

Containing almost 600 entries, this impressive 2-volume reference presents detailed and authoritative treatment of the field of Italian literature, with attention both to the work and influence of individual writers of all genres and to movements, styles, and critical approaches.
