Leadership in Healthcare: Essential Values and Skills ...

In healthcare, leadership is decisive in influencing the quality of care¹ and the performance of hospitals.² How staff are treated significantly influences care provision and organisational performance so understanding how leaders can help ensure staff are cared for, valued, supported and respected is important. Research suggests 'inclusion' is a critical part of the answer.

Healthcare responds to the ever-growing importance of leadership to a healthcare professional's role today and includes updated content to reflect the new guidelines set out in the 2018 Nursing and Midwifery Council Standards.

Leadership in Health Care | SAGE Publications Ltd

Individual leadership in health services
Effective leaders in health services emphasise continually that safe, high quality, compassionate care is the top priority. They ensure that the voice of patients is consistently heard at every level; patient experience, concerns, needs and feedback (positive and negative) are consistently attended to.
