Levinas Subjectivity Education Towards An

Levinas, Subjectivity, Education examines how the philosophical writings of Levinas lead us to reassess the concept of education, paving the way for a radical new understanding of ethical and political responsibility. Offering a bold new interpretation of Levinas's philosophy that addresses the importance of the figure of the teacher in his writing, Anna Strhan demonstrates the challenge of his work for contemporary debates on autonomy, marketization, and political subjectivity in education.

Levinas, Subjectivity, Education | Wiley Online Books

"In her new book on Levinas, Subjectivity, Education, Anna Strhan perceptively notes that 'Decreasing participation in institutional religions combined with the increased visibility of religion in the public sphere are together leading to wider religious illiteracy and poor quality public discourse on religion'. This is the fundamental challenge addressed in the book, and she draws on contemporary continental philosophy, educational theory, and, not least, educational practice in Britain ...

Levinas, Subjectivity, Education: Towards an Ethics of ...

Emmanuel Levinas (1906 - 1995) is widely considered one of the most influential and provocative thinkers of the last century. Renowned for his thesis that ethics is first philosophy and his concepts of the 'Other' and the 'face', Levinas thematizes teaching as central to his conception of subjectivity. While his writings in this area continue to gain influence within broad aspects of ...
