The Lippert Hydraulic Landing Gear is an electric/hydraulic system. A 12V DC electric motor drives a hydraulic pump that moves fluid through a system of hoses, fittings and jacks to level and stabilize the coach. There are no serviceable parts within the electric motor. If the motor fails, it must be replaced.

You'll find tips that will save you time and money. You will find tips on getting your mail while traveling, internet access, boondocking, and work camping. You'll learn how to save money on camping fees just by choosing where to stay and staying longer. You will get tips on how you can customize your RV to make your home. Chapter Titles RV Care & Maintenance Tips RV Boondocking – Dry-Camping – Overnighting Tips RV Camping Tips/ii> RV Park Reservation & Check-In Checklists RV Travel & Destination Tips RV Driving Tips RV Lifestyle Tips Work Camping Tips RV Accessories Tips RV Battery Tips RV Holding Tanks & Toilet Tips RV Fresh Water System Tips RV Electrical System Tips RV Refrigerator Tips Miscellaneous RV Tips Tips for RVing With Pets This book and includes over 400 tips. You pay pennies for tips that can save you hundreds of dollars. About the Editors: As most folks do, we started out tent camping. In the late 1970s we ventured across the country from northern California to western Pennsylvania and back through Washington and Oregon in Steven's boxy old 1965 Chevy van. Those were the days, my friends. That trip had a lasting effect and over time we realized we were destined to be full time RVers. In 1995 we sold our house and a Recreational Vehicle became our home. An RV has been our home every since.

Science and technology has been used more and more in the last few decades to gain advantage over competitors. Quite often, however, the actual science involved is not published because a suitable journal cannot be found. The Engineering of Sport brings together work from a very diverse range of subjects including Engineering, Physics, Materials and Biomechanics. The Engineering of Sport represent work which was represented at the 1st International Conference on the Engineering of Sport held in Sheffield, UK in July 1996. Many sports were represented and the material covered split into nine topics covering aerodynamics, biomechanics, design, dynamics, instrumentation, materials, mechanics, modelling, motion analysis, and vibrations. It should be of interest to specialists in all areas of sports research.

Monthly magazine devoted to topics of general scientific interest.
