Zonas Úmidas (Feuchtgebiete, no original em alemão) é um romance erótico escrito por Charlotte Roche, com mais de um milhão de exemplares vendidos . Críticas "Este é um livro que exige certamente um estômago forte." – Times Online "Sua história é também um manifesto contra uma cultura que vende desodorizadores de ambiente e desodorantes vaginais."

George Orwell's Nineteen Eighty-Four is unquestionably the most famous dystopian novel of all times. Written in the year of 1948, the author swapped the last two digits while describing a future totalitarian society where the minds, attitudes and actions of the subjects are thoroughly scrutinized by the "Thought Police", suspected dissidents tracked down and where the worship of the mythical party leader Big Brother is forced upon the masses. The low-ranking party member Winston Smith begins secretly to question the whole system and initiates a forbidden love affair with another party member.

In a haunting psychological tale of despair and freedom, Macabea is ugly, underfed, sickly, and unloved yet she fascinates Rodrigo because she is unaware of how unhappy she should be

World-renowned coverage of today ' s pharmacology at your fingertips Keeps you up-to-date with new information in this fast-changing field, including significantly revised coverage of CNS drugs, cognitive enhancers, anti-infectives, biologicals/biopharmaceuticals, lifestyle drugs, and more. Features a color-coded layout for faster navigation and cross-referencing. Clarifies complex concepts with Key Points boxes, Clinical Uses boxes and full-color illustrations throughout.

In a time of terror for Europe ' s monarchs—imprisoned, exiled, executed—Napoleon ' s army marched toward Lisbon. Cornered, Prince Regent João had to make the most fraught decision of his life. Protected by the British Navy, he fled to Brazil with his entire family, including his deranged mother, most of the nobility, and the entire state apparatus. Until then, no European monarch had ever set foot in the Americas. Thousands made the voyage, but it was no luxury cruise. It took two months in cramped, decrepit ships. Lice infested some of the vessels, and noble women had to shave their hair and grease their bald heads with antiseptic sulfur. Vermin infested the food, and bacteria contaminated the drinking water. Sickness ran rampant. After landing in Brazil, Prince João liberated the colony from a trade monopoly with Portugal. As explorers mapped the burgeoning nation ' s distant regions, the prince authorized the construction of roads, the founding of schools, and the creation of factories, raising Brazil to kingdom status in 1815. Meanwhile, Portugal was suffering the effects of abandonment, war, and famine. Never had the country lost so many people in so little time. Finally, after Napoleon ' s fall and over a decade of misery, the Portuguese demanded the return of their king. João sailed back in tears in 1821, and the last chapter of colonial Brazil drew to a close, setting the stage for the strong, independent nation that we know today, changing the New World forever.

First published in 1890, and undoubtedly Azevedo's masterpiece, The Slum is one of the most widely read and critically acclaimed novels

ever written about Brazil. Indeed, its great popularity, realistic descriptions, archetypal situations, detailed local coloring, and overall race-consciousness may well evoke Huckleberry Finn as the novel's North American equivalent. Yet Azevedo also exhibits the naturalism of Zola and the ironic distance of Balzac; while tragic, beautiful, and imaginative as a work of fiction, *The Slum* is universally regarded as one of the best, or truest, portraits of Brazilian society ever rendered. This is a vivid and complex tale of passion and greed, a story with many different strands touching on the different economic tiers of society. Mainly, however, *The Slum* thrives on two intersecting story lines. In one narrative, a penny-pinching immigrant landlord strives to become a rich investor and then discards his black lover for a wealthy white woman. In the other, we witness the innocent yet dangerous love affair between a strong, pragmatic, "gentle giant" sort of immigrant and a vivacious mulatto woman who both live in a tenement owned by said landlord. The two immigrant heroes are originally Portuguese, and thus personify two alternate outsider responses to Brazil. As translator David H. Rosenthal points out in his useful Introduction: one is the capitalist drawn to new markets, quick prestige, and untapped resources; the other, the prudent European drawn moth-like to "the light and sexual heat of the tropics." A deftly told, deeply moving, and hardscrabble novel that features several stirring passages about life in the streets, the melting-pot realities of the modern city, and the oft-unstable mind of the crowd, *The Slum* will captivate anyone who might appreciate a more poetic, less political take on the nineteenth-century naturalism of Crane or Dreiser.

Peopled by larger-than-life heroes and villains, charged with towering questions of good and evil, *Atlas Shrugged* is Ayn Rand's magnum opus: a philosophical revolution told in the form of an action thriller—nominated as one of America's best-loved novels by PBS's *The Great American Read*. Who is John Galt? When he says that he will stop the motor of the world, is he a destroyer or a liberator? Why does he have to fight his battles not against his enemies but against those who need him most? Why does he fight his hardest battle against the woman he loves? You will know the answer to these questions when you discover the reason behind the baffling events that play havoc with the lives of the amazing men and women in this book. You will discover why a productive genius becomes a worthless playboy...why a great steel industrialist is working for his own destruction...why a composer gives up his career on the night of his triumph...why a beautiful woman who runs a transcontinental railroad falls in love with the man she has sworn to kill. *Atlas Shrugged*, a modern classic and Rand's most extensive statement of Objectivism—her groundbreaking philosophy—offers the reader the spectacle of human greatness, depicted with all the poetry and power of one of the twentieth century's leading artists.

A MEMOIR BY THE YOUNGEST RECIPIENT OF THE NOBEL PEACE PRIZE As seen on Netflix with David Letterman "I come from a country that was created at midnight. When I almost died it was just after midday." When the Taliban took control of the Swat Valley in Pakistan, one girl spoke out. Malala Yousafzai refused to be silenced and fought for her right to an education. On Tuesday, October 9, 2012, when she was fifteen, she almost paid the ultimate price. She was shot in the head at point-blank range while riding the bus home from school, and few expected her to survive. Instead, Malala's miraculous recovery has taken her on an extraordinary journey from a remote valley in northern Pakistan to the halls of the United Nations in New York. At sixteen, she became a global symbol of peaceful protest and the youngest nominee ever for the Nobel Peace Prize. *I AM MALALA* is the remarkable tale of a family uprooted by global terrorism, of the fight for girls' education, of a father who, himself a school owner, championed and encouraged his daughter to write and attend school, and of brave parents who have a fierce love for their daughter in a society that prizes sons. *I AM MALALA* will make you believe in the power of one person's voice to inspire change in the world.
