~~Local government democratisation and decentralisation a~~

decentralisation is the transfer of power to lower levels of government which are elected by local citizens (in various ways) and which have some degree of local autonomy. Such local governments are therefore downwardly accountable to citizens rather than to central government. It is sometimes referred to as democratic decentralisation.

Local Government in England has long experiment with decentralisation and devolution within its own territorial boundaries. Those experiments have partly been driven by political values that favour passing functions and responsibilities from the town hall to local communities and partly by the need to compensate for the large scale of English local government.

~~Decentralisation, Democratisation and Delivery - English~~

Uganda conceptualised the decentralisation policy and programmes to: build democratic governance, responsive and accountable to the public; and promote capacity building at the local level. This was to be achieved by introducing local choices into the delivery of services, and fostering a sense of local ownership.

~~Decentralisation in Uganda - Africa Portal~~

WCJFEVMCVV Decentralization [] transfer of power and authority from central institution to lower or local levels of a government system [] according to Raul P. De Guzman, generally refers to the systematic and rational dispersal of power, authority and responsibility from the center to the periphery, from top to lower levels, or from national to local governments

~~SHS Powerpoint - Decentralization and local governance~~

According to the World Bank (WB), decentralization can occur through several mechanisms, including local self-financing, co-financing or co-production, local taxes, monetary transfers from central governments, and/or municipal borrowing. Most importantly, measuring local fiscal autonomy and management must be included when evaluating a country's level of decentralization .
