Lords of all the World is an intellectual history of European thinking (discourse) about empire. Pagden examines how Europeans thought about the empires they created and how their thinking changed over the years 1500 to 1800. He focuses on the empires of Spain, England, and France in the Americas. A key theme of the book is the divergence between Spanish and English conceptions of empire, and the eventual triumph of the English ideology that developed by the end of the time period in ...

Anthony Pagden describes how the rulers of the three countries adopted the claim of the Roman Emperor Antoninus to be "Lord of all the World." Examining the arguments used to legitimate the seizure of aboriginal lands and subjugation of aboriginal peoples, he shows that each country came to develop identities--and the political languages in which to express them--that were sometimes radically different.
