Contains six sections discussing probability, poker, blackjack, other casino games, sports betting, and general gambling concepts. This book contains some of the most sophisticated gambling ideas that have ever been put into print. Included is perhaps the best discussion of the basic mathematics of gambling, yet it is written so that even the most non-mathematical of readers can understand it. Many of the ideas discussed are those that the author himself has successfully used during his career. Topics include expectation, combinations, Baye's Theorem, the eight mistakes in poker, checking in the dark, playing tight, The Key Card Concept, casinos and their mistakes, crapless craps, betting sports, hedging and middling, knowing what's important, the Law of Averages and Other Fallacies, and much more.

This third edition provides an overview of the techniques, principles and clinical practice of echocardiography. Beginning with the basic principles of ultrasound and Doppler, and the clinical applications of various echo-modalities including 2-D echo, M-mode scan, Doppler echo and colour flow mapping, the text also includes an account of different echo-windows and normal echo-views along with normal values and dimensions. The following chapters discuss in detail various forms of heart disease including congenital, valvular, coronary, hypertensive and myocardial, with due emphasis given to potential pitfalls in diagnosis, differentiation between seemingly similar findings, causation and clinical relevance. This new edition features 240 colour images and illustrations, as well as a CD demonstrating various techniques for performing an Echo. Key Features New edition providing overview of techniques, principles and clinical practice of echocardiography Detailed discussion of various types of heart disease 240 colour images and illustrations Includes CD demonstrating techniques for performing Echo Previous edition published in 2008

Written in clear, easy-to-understand language for the novice grower, Closet Cultivator is the ultimate secret growing guide. The author discusses lighting, nutrients, water systems, potency, and more, and he shows how to establish a high-yield garden in a limited space -- and on a limited budget.

Ruan Bettancourt, the Duke of Cynssyr, intends to marry London's most beautiful debutante. A case of mistaken identity forces him to marry her sister, spinster Anne Sinclair. Before long, he's head-over-heels in love with his wife while Anne is determined to make the best of her unwanted marriage. Can Lord Ruin convince Anne he's fallen in love?

How to Run a Resort: Make ure employees arrive on time with a positive attitude. (check) Remember that the customer is always ight. (check) Keep your boyfriend and your most valuable guest from trying to kill each other. (oops) Celeste Tippen can't imagine a more perfect summer. Her boyfriend, Travis, has a job at her family's resort, which means lots of quality couple time. Unfortunately, she forgot about Nick Saunders, the hot son of the resort's wealthiest customers. Every year, Nick flirts with Celeste, and apparently this year is no different, despite the boyfriend who's watching their every move. She assures Travis that hanging out with the resident bad boy is the last thing she wants to do. If only she believed that herself. . . .

In the disarmingly prim house shared by a novelist, Michael; his wife, Hilda, whose depravity is matched only by her staggering beauty; and Olive, their maid, occur events to confound the wildest imagination. In his diary, hopelessly yet willingly trapped in this bizarre menage, Michael sets down the day-to-day events that finally lead to a tragic conclusion.
