Since publication of its first edition, *Manual of Dietetic Practice* has remained an essential guide to the key principles of dietetics and a core text for healthcare professionals looking to develop their expertise and specialist skills. Published on behalf of the British Dietetic Association, the UK professional body for dietitians, it covers the entire dietetics curriculum and is also an ideal reference text for qualified practitioners. The book has been extensively restructured for its fifth edition and is now divided into two parts to make it easier to locate key topics. The first part covers professional practice, nutrition in specific groups, nutritional status and non-clinical areas of dietetic practices, while the second focuses on clinical dietetic practice, including nutrition support, and dietetic practice in individual areas of disease, from respiratory and renal disorders to mental health and palliative care. This edition also offers a companion website, www.manualofdieteticpractice.com, which includes case

More than 100,000 entrepreneurs rely on this book for detailed, step-by-step instructions on building successful, scalable, profitable startups. The National Science Foundation pays hundreds of startup teams each year to follow the process outlined in the book, and it's taught at Stanford, Berkeley, Columbia and more than 100 other leading universities worldwide. Why? The Startup Owner's Manual guides you, step-by-step, as you put the Customer Development process to work. This method was created by renowned Silicon Valley startup expert Steve Blank, co-creator with Eric Ries of the "Lean Startup" movement and tested and refined by him for more than a decade. This 608-page how-to guide includes over 100 charts, graphs, and diagrams, plus 77 valuable checklists that guide you as you drive your company toward profitability. It will help you:

- Avoid the 9 deadly sins that destroy startups' chances for success
- Use the Customer Development method to bring your business idea to life
- Incorporate the Business Model Canvas as the organizing principle for startup hypotheses
- Identify your customers and determine how to "get, keep and grow" customers profitably
- Compute how you'll drive your startup to repeatable, scalable profits.

The Startup Owner's Manual was originally published by K&S Ranch Publishing Inc. and is now available from Wiley. The cover, design, and content are the same as the prior release and should not be considered a new or updated product.
