Making Plant Medicine contains current info that could be used by anyone to make masterful tinctures, teas, or herbal syrups. It compliments Spagyrics The Alchemical Preparation of Medicinal Essences, Tinctures, and Elixirs , which preserves information about alchemical symbols and previous astrological corelations that aren't so popular since we got glasses thick enough to see pluto.

However when everything goes well the outcome for patients is a new medicine which might treat a disease, supress it's symptoms or prevent it taking hold. Some projects fail because the basic science didn't work out, or the chemists weren't able to make a new molecule that had all the right properties.

1. Making and drinking teas with plants is a lovely way to start using herbs. You can try each herb as a tea and see how you like it. Then those very same teas can be used to make delicious things like popsicles or you can even use them to cook with when you are making something with a water base, like soup or smoothies.

**Introduction to Herbs for Kids: Meet My Friend, Herb!**

Ayahuasca is a South American entheogenic brew commonly made out of the Banisteriopsis caapi vine, the Psychotria viridis shrub or a substitute, and possibly other ingredients; although, in the West, a chemically similar preparation also known and sold as ayahuasca, but occasionally also known as "pharmahuasca", can be prepared using illicitly manufactured N,N-Dimethyltryptamine (DMT) and a ...
