Sadhana is a beautiful young girl born to two opposites –a saintly mother and a materialistic father.Thanks to her parents’ self-centered indifference towards their only child, Sadhana becomes wayward and precocious.Then one day she is confronted by a sadistic teacher called Damayanthi who catches her off guard and gives her a treatment that develops a devious kink in the beautiful young girl.Years later Sadhana, now a school dropout, gets an opportunity to apply the same kink to her advantage. She uses it to become the most loved and admired actress in tinsel town, with a new identity and name – Anamika.Hailed as an epitome of womanhood, Anamika cruises to the top in her profession and achieves superstardom. And then her past catches up with her.

An acclaimed novel by the author of The Mistress of Spices, and Before We Visit the Goddess, Jhumpa Lahiri praises: "One Amazing Thing collapses the walls dividing characters and cultures; what endures is a chorus of voices in one single room." Late afternoon sun sneaks through the windows of a passport and visa office in an unnamed American city. Most customers and even most office workers have come and gone, but nine people remain. A punky teenager with an unexpected gift. An upper-class Caucasian couple whose relationship is disintegrating. A young Muslim-American man struggling with the fallout of 9/11. A graduate student haunted by a question about love. An African-American ex-soldier searching for redemption. A Chinese grandmother with a secret past. And two visa office workers on the verge of an adulterous affair. When an earthquake rips through the afternoon lull, trapping these nine characters together, their focus first jolts to their collective struggle to survive. There's little food. The office begins to flood. Then, at a moment when the psychological and emotional stress seems nearly too much for them to bear, the young graduate student suggests that each tell a personal tale, "one amazing thing" from their lives, which they have never told anyone before. And as their surprising stories of romance, marriage, family, political upheaval, and self-discovery unfold against the urgency of their life-or-death circumstances, the novel proves the transcendent power of stories and the meaningfulness of human expression itself. From Chitra Divakaruni, author of such finely wrought, bestselling novels as Sister of My Heart, The Palace of Illusions, and The Mistress of Spices, comes her most compelling and transporting story to date. One Amazing Thing is a passionate creation about survival—and about the reasons to survive.

When her teacher asks each student to bring in something reflecting his or her heritage to display at an open house, Romina struggles over how to represent both her father's Indian culture and her mother's Mexican one.

“... to suddenly discover yourself existing” Our Stories: An Introduction to South Asian America is an anthology rooted in community. Bringing together the voices of sixty-four authors—including a wide range of scholars, artists, journalists, and community members—Our Stories weaves together the myriad histories, experiences, perspectives, and identities that make up the South Asian American community. This volume consists of ten chapters that explore both the history of South Asian America, spanning from the 1780s through the present day, and various aspects of the South Asian American experience, from civic engagement to family. Each chapter offers stories of struggle, resistance, inspiration, and joy that disrupt dominant narratives that have erased South Asian Americans’ role in U.S. history and made restrictions on our belonging. By combining these narratives, Our Stories illustrates the diversity, vibrancy, and power of the South Asian American community.

"A rare and exquisite story . . . Transports you out of time, out of place, into a world you can feel on your very skin." —Elizabeth Gilbert The New York Times bestseller Janice Y.K. Lee's latest novel, The Expatriates, is now available from Penguin In the sweeping tradition of The English Patient, Janice Y.K. Lee's debut novel is a tale of love and betrayal set in war-torn Hong Kong. In 1942, Englishman Will Truesdale falls headlong into a passionate relationship with Trudy Liang, a beautiful Eurasian socialite. But their affair is soon threatened by the invasion of the Japanese as World War II overwhelms their part of the world. Ten years later, Claire Pendleton comes to Hong Kong to work as a piano teacher and also begins a fateful affair. As the threads of this spellbinding novel intertwine, impossible choices emerge-between love and safety, courage and survival, the present, and above all, the past.
