Weygandt's Managerial Accounting provides students with a clear introduction to fundamental managerial accounting concepts. This edition helps students get the most out of their accounting course by making practice simple. Designed for a one-semester, undergraduate Managerial Accounting course, the authors provide new opportunities for self-guided practice allowing students to check their knowledge of accounting concepts, skills, and problem solving techniques and receive personalized feedback at the question, learning objective, and course level. Newly streamlined learning objectives help students use their study time efficiently by creating clear connections between the reading and video content, and the practice, homework, and assessment questions. Using metric units and companies with a more global feel, this new text is ideal for courses across the world.

Garrison - Your guide through the challenging waters of managerial accounting. For centuries, the lighthouse has stood as a beacon of guidance for mariners at sea. More than an aid to navigation, the lighthouse symbolizes safety, permanence, reliability, and the comforts of the familiar. For this reason, we have chosen to illustrate the Canadian eighth edition of Managerial Accounting by Garrison, Chesley, Carroll and Webb with an image that encapsulates the greatest strengths of this market leading text. Garrison is your guide through the challenging waters of managerial accounting. It identifies the three functions managers must perform within their organizations—plan operations, control activities, and make decisions—and explains what accounting information is necessary for these functions, how to collect it, and how to interpret it. Managerial Accounting 8ce focuses, now as in the past, on three qualities: Relevance, Balance and Clarity. The authors' steady focus on these core elements has led to tremendous results! As seafarers look to the lighthouse for direction along unfamiliar shore, so too can Garrison act as a compass for students seeking to master this course.
