This paper addresses the issue of threshold effects between public debt and economic growth in the Caribbean. The main finding is that there exists a threshold debt to gross domestic product (GDP) ratio of 55-56 percent. Moreover, the debt dynamics begin changing well before this threshold is reached. children Blessing is a custom established by God and is meant to function in every family. In fact, there are seven critical times in each of our lives when God wants to give us a powerful message of identity and destiny. In *The Power of a Parent's Blessing* Craig Hill explains each of these times, answering key questions such as:

- What is the key identity question to be answered in your child's heart?
- When is the appropriate time to bless?
- What are potential consequences of not blessing?
- What is the role of each parent in blessing at this specific time?
- What are practical tools to use in blessing?

It is never too late to start your children on the road to fulfilling their destinies. Whether you are a parent, grandparent, or step-parent, these powerful blessings will help the children in your life to prosper.
