Matchmakers: The New Economics of Multisided Platforms ... Matchmakers lies somewhere between being a guide for entrepreneurs to start their own multisided platform and being an introductory, economics handbook on multisided platforms, although Evans and Schmalensee land closer to the former than the latter. As a person with a background in economics, I wish the authors would focus more on the economics and theoretical models behind multisided platforms, but the book features more anecdotal examples of rather than research papers on such platforms.
