Maxed Out exposes how Wall Street and Congress spawned the subprime mortgage crisis and reveals how credit card issuers form multimillion-dollar partnerships with universities -- paying them millions for access to their students' personal information, setting kids up for financial ruin before their first job. The industry's final frontier, "debt buying," is a veritable Wild West in which ambitious young men make quick fortunes off the misery and misfortune of others.

Maxed Out: Hard Times, Easy Credit and the Era of Predatory Lenders. America may be the land of milk and honey for a few but, for most, it is a place of mounting debt with the credit card companies offering trillions (yes, trillions!) of dollars to any and all takers. The result is the rising personal debt for millions of Americans, a debt that ...
