Megarry And Wade The Law

Giglio, Francesco 2007. Restitution for Wrongs: A Structural Analysis. Canadian Journal of Law & Jurisprudence, Vol. 20, Issue. 1, p. 5.

Giglio, Francesco 2009 ...

Now in its 9th Edition, Megarry and Wade: The Law of Real Property provides a comprehensive and authoritative coverage of all aspects of the contemporary law of real property. It covers the whole of the English law of real property, together with related subjects such as conveyancing, leases and wills and intestacy, in a single volume. Due to the book's long history and its association with Sir Robert Megarry V.C. and Sir William Wade, it is viewed as a highly authoritative source of English Land Law.

Megarry and Wade : The Law of Real Property

'Here is a book whose breadth of purpose and depth of learning are breathtaking.' Peter Butt, [2005] 69 Conv 363 Gray & Gray's Elements of Land Law is the definitive textbook on the subject. The book offers comprehensive coverage of the law in this area. The authors provide an insightful and thought-provoking commentary on the modern development of the subject and go on to explore how land law functions in today's society. The book includes an analysis of recent legislation and case law in England and Wales. There are also references to significant cases from Australia, New Zealand, the United States and Canada, coupled with a detailed account of reforms currently proposed by the English Law Commission. The book demonstrates a thorough understanding of the social and political context of land law and guides the reader through the sometimes difficult terminology of the subject. This fifth edition continues to balance up-to-date coverage of the key issues in land law with a critical survey of cutting-edge research. Building on the strengths of previous editions, the book ensures that excellent scholarship is accessible to an even wider readership: more chapters of shorter length offer the possibility of readers 'dipping' into topics in a non-linear way. A fresh, new format and text design support the re-structuring of content and aid navigability. Readers wanting to explore areas of interest in more depth are encouraged to do so by the exemplary footnoting and referencing. The book is accompanied by an online resource centre providing updates and web links between editions. This facility also contains illustrative material such as photographs relating to relevant cases discussed in the book. A podcast of the authors introducing the subject will excite students new to the subject area.

Australian Property Law: Cases and Materials, 5th Edition remains a comprehensive collection of statutes, cases and reference material on Australian real and personal property with notes and questions to provoke fuller understanding and matters for reconsideration.

This work offers a systematic account of land law which, by proceeding from fundamental principles to consideration of the law as it is applied, succeeds in placing land law in its social context whilst retaining the strengths of a more traditional approach. To this end the work is divided into two parts: the first offering a detailed description and analysis of the substantive law and its underlying principles, while the second examines a number of key issues which illustrate the effects of land law, particularly within the sphere of residential property. Throughout the book, there are extensive case references including references to American and Australian law and to unreported cases available on LEXIS.

The second edition of Land Law: Text, Cases, and Materials offers a stimulating and thought-provoking guide to land law. With insightful commentary and carefully selected primary and secondary material this book provides the resources necessary for a thorough study of land law.
