Mental Health | NIHR - National Institute for Health Research

Abstract Mental health is viewed as a deviance in the eyes of society, instead of seeing the importance of mental health and the effects that it has on a person. This paper will

Access Free Mental Health Research Paper

examine the importance of how medication can help a mental illness physically but not mentally and how society would rather push medication than alternative measures. It will also examine how society intertwines the action of deviance as having a mental illness, instead of understanding that
