Discover the secret missions behind America's greatest conflicts. Danny Manion has been fighting his entire life. Sometimes with his fists. Sometimes with his words. But when his actions finally land him in real trouble, he can't fight the judge who offers him a choice: jail... or the army. Turns out there's a perfect place for him in the US military: the Studies and Observation Group (SOG), an elite volunteer-only task force comprised of US Air Force Commandos, Army Green Berets, Navy SEALs, and even a CIA agent or two. With the SOG's focus on covert action and psychological warfare, Danny is guaranteed an unusual tour of duty, and a hugely dangerous one. Fortunately, the very same qualities that got him in trouble at home make him a natural-born commando in a secret war. Even if almost nobody knows he's there. National Book Award finalist Chris Lynch begins a new, explosive fiction series based on the real-life, top-secret history of US black ops.

"A perfect summer read; gripping, original, well-drawn and compassionate"--Joanne Harris "Celia Rees is a superb writer, and this novel has one of the most irresistible and unique story hooks I've ever come across. This book deserves to be huge!"--Sophie Hannah A striking historical novel about an ordinary young British woman sent to uncover a network of spies and war criminals in post-war Germany that will

appeal to fans of *The Huntress* and *Transcription*. World War II has just ended, and Britain has established the Control Commission for Germany, which oversees their zone of occupation. The Control Commission hires British civilians to work in Germany, rebuild the shattered nation and prosecute war crimes. Somewhat aimless, bored with her job as a provincial schoolteacher, and unwilling to live with her overbearing mother any longer, thirtysomething Edith Graham applies for a job with the Commission—but she is also recruited by her cousin, Leo, who is in the Secret Service. To them, Edith is perfect spy material...single, ordinary-looking, with a college degree in German. Cousin Leo went to Oxford with one of their most hunted war criminals, Count Kurt von Stavenow, who Edith remembers all too well from before the war. He wants her to find him. Intrigued by the challenge, Edith heads to Germany armed with a convincing cover story: she's an unassuming Education Officer sent to help resurrect German schools. To send information back to her Secret Service handlers in London, Edith has crafted the perfect alter ego, cookbook author Stella Snelling, who writes a popular magazine cookery column. She embeds crucial intelligence within the recipes she collects. But occupied Germany is awash with other spies, collaborators, and opportunists, and as she's pulled into their world, Edith soon discovers that no one is what they seem to be. The closer she gets to uncovering von Stavenow's whereabouts--and the network of German civilians who still support him--the greater the danger. With a unique, compelling premise, *Miss Graham's Cold War Cookbook* is a beautifully crafted and gripping novel about daring,

"Shipman dazzles in this historical tour-de-force based on the real-life story of WWII Polish resistance fighter Irena Sendler . . . spellbinding." —Publishers Weekly (Starred Review) Based on the gripping true story of an unlikely Polish resistance fighter who helped save thousands of Jewish children from the Warsaw ghetto during World War II, bestselling author James D. Shipman's *Irena's War* is a heart-pounding novel of courage in action, helmed by an extraordinary and unforgettable protagonist.

September 1939: The conquering Nazis swarm through Warsaw as social worker Irena Sendler watches in dread from her apartment window. Already, the city's poor go hungry. Irena wonders how she will continue to deliver food and supplies to those who need it most, including the forbidden Jews. The answer comes unexpectedly. Dragged from her home in the night, Irena is brought before a Gestapo agent, Klaus Rein, who offers her a position running the city's soup kitchens, all to maintain the illusion of order. Though loath to be working under the Germans, Irena learns there are ways to defy her new employer—including forging documents so that Jewish families receive food intended for Aryans. As Irena grows bolder, her interactions with Klaus become more fraught and perilous. Klaus is unable to prove his suspicions against Irena—yet. But once Warsaw's half-million Jews are confined to the ghetto, awaiting slow starvation or the death camps, Irena realizes that providing food is no longer enough. Recruited by the underground Polish resistance organization Zegota, she carries out an audacious scheme to

rescue Jewish children. One by one, they are smuggled out in baskets and garbage carts, or led through dank sewers to safety—every success raising Klaus's ire. Determined to quell the uprising, he draws Irena into a cat-and-mouse game that will test her in every way—and where the slightest misstep could mean not just her own death, but the slaughter of those innocents she is so desperate to save.

Now an old man, John is haunted by memories of enlisting to fight in World War II, a decision which forced him to face the horrors of war and changed his life forever.

A darkly satirical novel of love, revenge, and 1950s haute couture—now a major motion picture starring Kate Winslet, Judy Davis, Liam Hemsworth, and Hugo Weaving After twenty years spent mastering the art of dressmaking at couture houses in Paris, Tilly Dunnage returns to the small Australian town she was banished from as a child. She plans only to check on her ailing mother and leave. But Tilly decides to stay, and though she is still an outcast, her lush, exquisite dresses prove irresistible to the prim women of Dungatar. Through her fashion business, her friendship with Sergeant Farrat—the town's only policeman, who harbors an unusual passion for fabrics—and a budding romance with Teddy, the local football star whose family is almost as reviled as hers, she finds a measure of grudging acceptance. But as her dresses begin to arouse competition and envy in town, causing old resentments to surface, it becomes clear that Tilly's mind is set on a darker design: exacting revenge on those who wronged her, in the most spectacular fashion.
