America on the Homefront | National Archives

Operation Homefront is a nonprofit 501(c)(3) organization that provides emergency assistance for U.S. military troops, the families they leave behind, and wounded servicemen when they return home. The organization raises funds to provide emergency, financial, and morale assistance to families while troops are participating in a tour of duty.Since its creation in 2002 Operation Homefront has ...

Operation Homefront | Military Wiki | Fandom

Operation Homefront is approved by the Internal Revenue Service as a 501 (C) (3) tax-exempt organization, and all donations are tax-deductible to the extent provided by the law. Operation Homefront's Federal Identification Number is (EIN) #32-0033325.

In the pantheon of air power spokesmen, Giulio Douhet holds center stage. His writings, more often cited than perhaps actually read, appear as excerpts and aphorisms in the writings of numerous other air power spokesmen, advocates and critics. Though a highly controversial figure, the very controversy that surrounds him offers to us a testimonial of the value and depth of his work, and the need for airmen today to become familiar with his thought. The progressive development of air power to the point where, today, it is more correct to refer to aerospace power has not outdated the notions of Douhet in the slightest In fact, in many ways, the kinds of technological capabilities that we enjoy as a global air power provider attest to the breadth of his vision. Douhet, together with Hugh "Boom" Trenchard of Great Britain and William "Billy" Mitchell of the United States, is justly recognized as one of the three great spokesmen of the early air power era. This reprint is offered in the spirit of continuing the dialogue that Douhet himself so perceptively began with the first edition of this book, published in 1921. Readers may well find much that they disagree with in this book, but also much that is of enduring value. The vital necessity of Douhet's central vision-that command of the air is all important in modern warfare-has been proven throughout the history of wars in this century, from the fighting over the Somme to the air war over Kuwait and Iraq.

Integrating social history and civil rights movement studies, Fighting for Hope examines the ways in which political meaning and identity were reflected in the aspirations of these black GIs and their role in transforming the face of America.

Contents: Mobilization activities before Pearl Harbor day; education for mobilization; interwar planning for industrial mobilization; mobilizing for war: 1939-1941; the war production board; the controlled materials plan; the office of war mobilization & reconversion; U.S. production in World War II; balancing military & civilian needs; overcoming raw material scarcities; maritime construction; people mobilization: Rosie the Riveter; conclusions. Appendix: production of selected munitions items; the war agencies of the Executive Branch of the Federal Government.

War has always been a dangerous business, bringing injury, wounds, and death, and--until recently--often disease. What has changed over time, most dramatically in the last 150 or so years, is the care these casualties receive and who provides it. This book looks at the history of how humanity has cared for its war casualties and veterans, from ancient times through the aftermath of World War II.

Amerikanske Revolution; Amerikanske Borgerkrig; Første verdenskrig; Anden Verdenskrig; Koreakrigen; Vietnamkrigen; Krigen mod Mexico; Spansk-amerikanske krig;

THE STORY: The action is set in a comfortable suburban home in the Dallas-Fort Worth area, where Bob and Maurine, a fairly well-off middle-aged couple, are living (apparently happily) with their daughter Karen, a graduate student, and their brooding son
