Bright appealing cartoon-style artwork and a continuous narrative text treat each topic in the form of a story. So in Monster Stones we learn how the dinosaur fell in the river in the first place, how its bones were transformed into fossils and what happened to them when they were unearthed. Speech bubbles punctuate the artwork with a commentary that is pitched just right for the age group.

He ran to the shore of the loch. He looked around for some stones he could toss in. He walked around gathering them in his pockets and then stood on a large rock. He threw one of the small stones as far as he could. SPLASH! It landed in the water and sunk quickly to the bottom. Again, he tossed another stone. SPLASH!

Children's Stories - The Loch Ness Monster

A long, long time ago there was a legend about a monster that lived in a lake called Ness, by the side of a little village in Scotland.No one had ever seen the Loch Ness Monster, but the whole world talked about her.People said that the monster in the lake was as big as a football pitch, that she had four eyes and ate all the little children who went near the lake.
