Mr. Funny Pants is really less a memoir than a disorganized "graphic set" of underedited Michael Showalter musings. He attempts some meta-humour (with a "post-," "post-post-" and "pre-post-post-preface" and bits about him trying to get over his writer's block) but most of this comes off as self-indulgent, prolix, and really just boring.

Brooklyn-based comedian-screenwriter Showalter (The Baxter) offers a witty "comic memoir," in which he has chosen to deconstruct the concept of books with lengthy satires on the front matter and closing pages usually found in books. After "About the Author" and "About the Author (For Canadian Edition)," he follows with "About Bea Arthur."

This was a fun little romp. I think Mr. Showalter is funnier when you can watch and listen to him delivering his material, but I got some good chuckles out of this nonetheless. When he says it's a book about trying to write a book he is not lying. This is not a memoir or an autobiography. It's a funny guy being silly, like really super silly.

I was at my wit's end. I'd had enough of this job, this life, and my relationship had broken up. Should I eat chocolate, or go to India, or fall in love? Then I had a revelation: Why not do all three, in that order? And so it was that I embarked on a journey that was segmented into three parts and was then made into a major motion picture. Later, I woke up on an airplane with a hole in my face and a really bad hangover. I was ushered brusquely off the plane by my parents who took me to a rehab where I tested positive for

coke, classic coke, special k (the drug), Special K (the cereal), mushrooms, pepperoni, and Restless Leg Syndrome. It was there that I first began painting with my feet. But rewind...the year was 1914. I was just a young German soldier serving in the trenches while simultaneously trying to destroy an evil ring with some help from an elf, a troll, and a giant sorcerer, all while cooking every recipe out of a Julia Child cookbook. What I'm trying to say is that there was a secret code hidden in a painting and I was looking for it with this girl who had a tattoo of a dragon! Let me clarify, it was the 1930s and a bunch of us were migrating out of Oklahoma, and I was this teenage wizard/CIA operative, okay? And, um then I floated off into the meta-verse as a ball of invisible energy that had no outer edge... Ugh, okay. None of this is true. I'm just kind of a normal guy from New Jersey who moved to New York, got into comedy, wrote this book about trying to write this book, and then moved to Alaska, became the mayor of a small town, spent \$30,000 on underwear, and now I'm going to rule the world!!!

A comic writer who has contributed to such shows as MTV's "The State," "Stella," and "Michael & Michael Have Issues" provides a hilarious account of his successes, his failures, and his obsessions.

The writer and star of The State, Wet Hot American Summer, The Baxter, and Michael & Michael Have Issues brings readers his uniquely absurd humor in his hilarious first book. I was at my wit's end. The Believer magazine presents a compendium of advice from producers, writers, and actors of The Daily Show, Saturday Night Live, Parks and Recreation, Late Show with David Letterman, The Hangover, and The Colbert Report, along with other musicians, cartoonists, New Yorker writers, and those similarly unqualified to offer guidance. Here Amy Sedaris describes the perfect murder for unwanted hermit crabs—you will need a piece of meat and a brick. Simon Rich explains how to avoid being found dead in your underwear by firemen—buy some long johns. Zach Galifianakis provides insight into how he changed his name without a social security card—he just started calling himself Adam Zapple, and it stuck. Bob Saget finally illuminates what “friends with benefits” really means—a nonsexual relationship wherein your ex makes monetary deposits into your bank account. A Hilarious Expose of the Secret Lives of Unicorns, Based on the Popular Online Comic! In Unicorn Being a Jerk, author/illustrator C.W. Moss reveals - through approximately 55 colorful illustrations and accompanying captions - that unicorns are not the majestic creatures we think they are but are in fact jerks whose petty, selfish antics include stomping on children's sandcastles, feeding pigs to bacon, and parking in handicap spots at the mall. In the vein of The Book of Bunny Suicides, this humor book will be required reading for all those unsuspecting unicorn fans out there who will come face to face with the ugly reality of this mythical creature.

In *Playing With Fire*, Theo Fleury takes us behind the bench during his glorious days as an NHL player, and talks about growing up devastatingly poor and in chaos at home. Dark personal issues began to surface, and drinking, drugs, gambling, and girls ultimately derailed a career that had him destined for the Hall of Fame. Fleury shares all in this raw, captivating, and honest look at the previously untold story of one the game's greatest heroes.

famous judicial conservative. A Klansman who became an absolutist advocate of free speech and civil rights. A backcountry lawyer who started off trying cases about cows and went on to conduct the most important international trial ever. A self-invented, tall-tale Westerner who narrowly missed the presidency but expanded individual freedom beyond what anyone before had dreamed. Four more different men could hardly be imagined. Yet they had certain things in common. Each was a self-made man who came from humble beginnings on the edge of poverty. Each had driving ambition and a will to succeed. Each was, in his own way, a genius. Hugo Black, William O. Douglas, Felix Frankfurter, and Robert Jackson began as close allies and friends of FDR. But the quest to shape a new Constitution led them to competition and sometimes outright warfare. *Scorpions* tells the story of these four great justices: their relationship with Roosevelt, with each other, and with the turbulent world of the Great Depression, World War II, and the Cold War. It also serves as a history of the modern Constitution itself. Praise for *Scorpions* "Smart and engaging." "New York Times Book Review" "Full of high-stakes intellectual drama." "Washington Post" "A first-rate work of narrative history that succeeds in bringing the intellectual and political battles of the post-Roosevelt Court vividly to life." "Publishers Weekly

In her darkly funny memoir and guide to the depressed life, comedian Jacqueline Novak doesn't offer help overcoming depression—just much-needed comfort, company, and tips for life inside the fog. "Jacqueline Novak's unapologetic and original comedy is the kind that gives me hope in this business." "Amy Schumer With advice that ranges from practical (Chapter 17: Do Your Crying on a Cat) to philosophical (Chapter 21: Make Peace With Sunshine), this laugh-out-loud memoir traces the depression thread from Novak's average suburban childhood to her current adult New York City existence, an imperfect but healthy-ish life in which Novak is mostly upright but still rarely does

laundry. At heart, *How to Weep in Public* provides a no-pressure, safe-zone for the reader to curl up inside. Keep this book on the shelf to be returned to it as needed—after all, depression is recurring. Jacqueline will be waiting to you tell you “You can fight another day.” No, not as in “fight on another day” but “fight this some other day.” Whether you’re coping with the occasional down day, or thriving fully in Picasso’s blue period, *How to Weep in Public* is the perfect place to regroup during a dark stint. So sit back, relax, and let Jacqueline Novak show you how to navigate the shadowy corridors of your troubled mind or the cheese display at the supermarket when food is the only thing that can save you.
