The Neopets HTML Guide. Many people ask how to make cool shops like the ones in the Marketplace or how to make their Neopet's webpage look better. The answer is HTML. HTML is a language that is used to create webpages. It is very simple to learn and anyone can do it. You don't need to be a programmer or even to have really used a computer before.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Providers and consumers of mental health services are increasingly making use of the internet to gather information, consult, and participate in psychotherapy. This Handbook gives practical insight into how professionals can translate their practice to an online medium. Divided into four sections, section one provides an overview of how the internet has become an integral part of people's lives, and the research to date on the use and effectiveness of counseling online, as well as idiosyncrasies of online behavior and communication. Section two discusses the "practical" aspects of counseling online, including technological issues, ethical and legal issues, and business issues. Section three focuses on performing psychotherapy online, including online treatment strategies and skills, working with online groups, online testing and assessment, and international and multicultural issues in online counseling. The last section discusses the future of online counseling. The

This Dictionary offers a fresh, up-to-date look at US government and politics, explaining and where necessary demystifying the key terms used in discussion of the political system. Major figures, events, ideas, movements and Supreme Court cases relevant to a study of the American political system are included with the aim of allowing readers to develop a deeper knowledge and understanding of the area. The Dictionary also raises key issues and areas of contention and academic debate. Coverage is comprehensive, with c.400 entries, each providing analysis of the subject. Terms are presented in an A-Z format with cross-referencing where appropriate.

The Nag Hammadi Scriptures, edited by Marvin Meyer, is the most complete, up-to-date, one-volume, English-language edition of the renowned library of Gnostic manuscripts discovered in Egypt in 1945, which rivaled the Dead Sea Scrolls find in significance. It includes the Gospel of Thomas, the Gospel of Mary, and the recently discovered Gospel of Judas, as well as other Gnostic gospels and sacred texts. This volume also includes introductory essays, notes, tables, glossary, index, etc. to help the reader understand the context and contemporary significance of these texts which have shed new light on early Christianity and ancient thought. The compilation of ancient manuscripts that constitute The Nag Hammadi Scriptures is a discovery that challenges everything we thought we knew about the early Christian church, ancient Judaism, and Greco-Roman religions.
