Ex.: 2nd print.

According to ancient Japanese protocol, foreigners deigning to approach the emperor did so only with fear and trembling. Terror and self-abasement conveyed respect. Am é lie, our well-intentioned and eager young Western heroine, goes to Japan to spend a year working at the Yumimoto Corporation. Returning to the land where she was born is the fulfillment of a dream for Am é lie, working there turns into comic nightmare. Alternately disturbing and hilarious, unbelievable and shatteringly convincing, Fear and Trembling will keep readers clutching tight to the pages of this taut little novel, caught up in the throes of fear, trembling, and, ultimately, delight.

The Japanese believe that until the age of three, children, whether Japanese or not, are gods, each one an okosama, or "lord child." On their third birthday they fall from grace and join the rest of the human race. In Amelie Nothomb's new novel, The Character of Rain, we learn that divinity is a difficult thing from which to recover, particularly if, like the child in this story, you have spent the first tow and a half years of life in a nearly vegetative state. "I remember everything that happened to me after the age of two and one-half," the narrator tells us. She means this literally. Once jolted out of her plant-like , tube-like trance (to the ecstatic relief of her concerned parents), the child bursts into existence, absorbing everything that Japan, where her father works as a diplomat, has to offer. Life is an unfolding pageant of delight and danger, a ceaseles exploration of pleasure and the limits of power. Most wondrous of all is the discovery of water: oceans, seas, pools, puddles, streams, ponds, and, perhaps most of all, rain-one meaning of the Japanese character for her name. Hers is an amphibious life. The Character of Rain evokes the hilarity, terror, and sanctity of childhood. As she did in the award-winning, international bestseller Fear and Trembling, Nothomb grounds the novel in the outlines of her experiences in Japan, but the self-portrait that emerges from these pages is hauntingly universal. Amelie Nothomb's novels are unforgettable immersion experiences, leaving you both holding your breath with admiration, your lungs aching, and longing for more.

This coming of age novel by the acclaimed Belgian author is " a disarmingly simple yet deeply complex study of a mother-daughter relationship " (The Washington Post). One of the Washington Post ' s 50 Notable Works of fiction in 2018 Marie is the prettiest girl in her provincial high school, and dating the most popular boy in town. She is the envy of all her peers—and she loves it. But when she gives birth to Diane, things begin to change. Diane steals the hearts of all who meet her, inciting nothing but jealousy in her mother. This is Diane ' s story. Young and brilliant, she grows up learning about life through her relationships with other women: her best friend, the sweet É lisabeth, her mentor, the selfish Olivia, her sister, the beloved C é lia, and, of course, her mother. It is a story about the baser sentiments that often animate human relations: rivalry, jealousy, distrust. Revered throughout Europe, Belgian novelist Am é lie Nothomb has won numerous prizes, including the French Academy ' s Grand Prix. In Strike Your Heart, she offers a telling adult fable about womanhood and the mother-daughter bond.

When Emile and Juliette Hazel move into their new, secluded home to enjoy retirement, their peace is interrupted by the daily visits of the bizarre man who is their only neighbor

The Book of Proper Names is set in contemporary Paris, its main character an orphan named Plectrude. Before the child's birth her nineteen-year-old mother shoots and kills her nineteen-year-old (and somewhat feckless) father because she hates the names he's devised for their child--she fears they will doom their unborn child to mediocrity. The mother confesses openly to what she has done, and why. She is arrested and thrown into prison, where she gives birth to the child, names her, to everyone's bafflement, Plectrude--an obscure saint, and an albatross of a name--and then hangs herself. The novel therefore begins on the borderline between tragedy and absurdity, but as Plectrude grows--raised by a loving, indulgent, and eccentric aunt--it becomes a deeply moving and simultaneously chilling portrait of girlhood. Plectrude's great gift turns out to be for ballet, and she throws herself into dance as if her life depended upon it. Few novels have shown us the implacable and unforgiving world of ballet with more intuitive sympathy, yet also with a keen-eyed assessment of the true price of artistic perfection.. Inevitably, the doom hovering over Plectrude's life from birth returns to haunt her, and in the end she learns to survive in the only way she knows how--by committing an act of deadly self-preservation her mother would have perhaps understood best. The Book of Proper Names is vintage Amelie Nothomb--alternately mordant and poignant, a portrait of adolescence that is fierce and funny at the same time. There is nothing mediocre either about Nothomb nor her creations.

Folding and refolding origami frogs, extracting the symmetrical veins from leaves, retreating to an imaginary world in his closet: after Teresa walked out the door one July afternoon in 1994, her son filled the void she left with a series of unusual rituals. Twenty-three years later, he lies in bed, reconstructing the events surrounding his mother's disappearance. Did she actually join the Zapatistas in the jungles of Chiapas, as he was led to believe? He dissects his memories of that fateful summer until a startling discovery shatters his conception of his family's story. Daniel Salda ñ a Par í s (Among Strange Victims) returns with an emotionally rich anti-coming-of-age novel that wrestles with the inherited privileges and crimes of masculinity.

Blood Sisters tells the story of Jeong Yeoul, a young Korean college student in the 1980's, when the memory of President Chun Doohan's violent suppression of student demonstrations against martial law was still fresh. Yideum captures with raw honesty the sense of dread felt by many Korean women during this time as Jeong struggles in a swirl of misguided desires and hopelessness against a society distorted by competing ideologies, sexual violence, and cultural conservatism. Facing this helplessness, her impulse is to escape into the world of art. Blood Sisters is a vivid, powerful portrayal of a woman ' s efforts to live an authentic life in the face of injustice.
