1. One of the most tragic themes in Night is Eliezer ' s discovery of the way that atrocities and cruel treatment can make good people into brutes. Does he himself escape this fate? 2. Night is essentially Elie Wiesel ' s memoir about his experiences in the Holocaust. Yet, there are minor differences between Wiesel ' s own experiences and those of Night ' s narrator, Eliezer.

Three works deal with a concentration camp survivor, a hostage holder in Palestine, and a recovering accident victim.

In this allegory, the author's reaction to the Holocaust, the animals of the forest are carried away, one type after another, by the Terrible Things, not realizing that if perhaps they would all stick together and not look the other way, such terrible things might not happen.

Every teacher knows that keeping adolescents interested in learning can be challenging—The Graphic Novel Classroom overcomes that challenge. In these pages, you will learn how to create your own graphic novel in order to inspire students and make them love reading. Create your own superhero to teach reading, writing, critical thinking, and problem solving! Secondary language arts teacher Maureen Bakis discovered this powerful pedagogy in her own search to engage her students. Amazingly successful results encouraged Bakis to provide this learning tool to other middle and high school teachers so that they might also use this foolproof method to inspire their students. Readers will learn how to incorporate graphic novels into their classrooms in order to: Teach twenty-first-century skills such as interpretation of content and form Improve students ' writing and visual comprehension Captivate both struggling and proficient students in reading Promote authentic literacy learning Develop students ' ability to create in multiple formats This all-encompassing resource includes teaching and learning models, text-specific detailed lesson units, and examples of student work. An effective, contemporary way to improve learning and inspire students to love reading, The Graphic Novel Classroom is the perfect superpower for every teacher of adolescent students!

Award-winning author Tim Lebbon takes fantasy to new heights in his thrilling new epic as unlikely allies struggle to keep the light of hope burning against a tide of unending darkness... Noreela teeters on the brink of destruction, but at its center pulses a magic grown stroner than ever before. Now the Mages have raised an army of terrifying warriorsand unstoppable war machins. Their goal: the annihilation of all Noreela through a reign of bloodhsd and death unlike any ever imagined. But Noreela's last survivors will not go quietly into the never-ending darkness. One man will lead a desperate band of rebels, including a witch, a fledge miner, and a dreaming librarian. For an ancient prophecy predicts that the future of magic will emerge in a child still unborn—if only our heroes can stay alive until dawn. From the Trade Paperback edition.

The gripping tale about two boys, once as close as brothers, who find themselves on opposite sides of the Holocaust. "A novel of survival, justice and redemption...riveting." —Chicago Tribune, on Once We Were Brothers Elliot Rosenzweig, a respected civic leader and wealthy philanthropist, is attending a fundraiser when he is suddenly accosted and accused of being a former Nazi SS officer named Otto Piatek, the Butcher of Zamosc. Although the charges are denounced as preposterous, his accuser is convinced he is right and engages attorney Catherine Lockhart to bring Rosenzweig to justice. Solomon persuades attorney Catherine Lockhart to take his case, revealing that the true Piatek was abandoned as a child and raised by Solomon's own family only to betray them during the Nazi occupation. But has Solomon accused the right man? Once We Were Brothers is Ronald H. Balson's compelling tale of two boys and a family who struggle to survive in war-torn Poland, and a young love that struggles to endure the unspeakable cruelty of the Holocaust. Two lives, two worlds, and sixty years converge in an explosive race to redemption that makes for a moving and powerful tale of love, survival, and ultimately the triumph of the human spirit.

During World War II a community called Manzanar was hastily created in the high mountain desert country of California, east of the Sierras. Its purpose was to house thousands of Japanese American internees. One of the first families to arrive was the Wakatsukis, who were ordered to leave their fishing business in Long Beach and take with them only the belongings they could carry. For Jeanne Wakatsuki, a seven-year-old child, Manzanar became a way of life in which she struggled and adapted, observed and grew. For her father it was essentially the end of his life. At age thirty-seven, Jeanne Wakatsuki Houston recalls life at Manzanar through the eyes of the child she was. She tells of her fear, confusion, and bewilderment as well as the dignity and great resourcefulness of people in oppressive and demeaning circumstances. Written with her husband, Jeanne delivers a powerful first-person account that reveals her search for the meaning of Manzanar. Farewell to Manzanar has become a staple of curriculum in schools and on campuses across the country. Last year the San Francisco Chronicle named it one of the twentieth century ' s 100 best nonfiction books from west of the Rockies. First published in 1973, this new edition of the classic memoir of a devastating Japanese American experience includes an inspiring afterword by the authors.

A poignant, powerful distillation of the Holocaust experience from the internationally acclaimed writer and Nobel laureate. In his first book, Night, Elie Wiesel described his concentration camp experience, but he has rarely written directly about the Holocaust since then. Now, as the last generation of survivors is passing and a new generation must be introduced to mankind ' s darkest hour, Wiesel sums up the most important aspects of Hitler ' s years in power and provides a fitting memorial to those who suffered and perished. He writes about the creation of the Third Reich, Western acquiescence, the gas chambers, and memory. He criticizes Churchill and Roosevelt for what they knew and ignored, and he praises little-known Jewish heroes. Augmenting Wiesel ' s text are testimonies from survivors, who recall, among other moments and events: the establishment of the Nurembourg Laws, Kristallnacht, transport to the camps, and liberation. With this book — richly illustrated with 45 photographs from the U.S. Holocaust Museum -- Wiesel proves once again the ineluctable importance of bearing witness.

An autobiographical narrative, in which the author describes his experiences in Nazi concentration camps.
