Not Just Friends is perfect if you want to take a break from the drama, angst, and emotional roller coaster that is sometimes present in many m/m romances. While there is a little bit of conflict, the story mostly focuses on Lewis, a University freshman, becoming attracted to his flatmate Max and subsequently realizing he's gay and finally ...

~~Not Just Friends - Kindle edition by Northcote, Jay ...~~

Max starts dating another guy, and Lewis's jealousy at seeing them together forces him to confront his growing attraction. When Max's relationship goes awry, Lewis is the one to comfort him and one thing leads to another. After a night together, Lewis is devastated that Max wants to go back to being just friends.

Not Just Friends I really enjoyed this coming out story. It was just the kind of book I was in the mood for. Very little drama which is what I love because then it is more about the characters and the story. Lewis and Max became great friends and I liked how even though chemistry is flying they still remained friends.
