Not Taco Bell Material is Adam Carolla's first ever stand up special based on his New York Times best-selling autobiography. The performance showcases Adam's incredible improvisational comedy skills featuring tales from his youth, told through stand-up comedy and photos. It's hilarious, poignant, and even inspiring. Written by Chassy Media

**Adam Carolla: Not Taco Bell Material (2018) - IMDb**

Adam Carolla obviously has a different way of writing, though all authors do. in the book "not taco bell material" Adam goes through many impacts on his life and many hilarious story's to go with it underlining his strengths and weakness through a new way of expressing it, through detailed stories of his past, the book is a detailed biography that usually stays on topic but that's what makes the book so interesting. its not completely focused on one part of his life, it details most of it till

**Not Taco Bell Material by Adam Carolla – Goodreads**

Verified Purchase Jimmy Kimmel once described Adam Carolla as the funniest man who never wrote a joke. In Not Taco Bell Material, we get a lot of that wit — Carolla is the Will Rogers of the 21st century — but it’s bogged down a bit with family photos and recycled jokes that either needed more time or less time.

Where does Not Taco Bell Material rank among all the audiobooks you've listened to so far? While this is one of my favorite audio books, I never would have been a fan of the pre-Dr. Drew version of Adam Carolla.

The popular podcaster collects new favorite rants about things that drive him crazy, sharing stories from his underdog youth that offer insight into his views and career.

In his second book, Adam Carolla—author of New York Times bestseller In Fifty Years We'll All Be Chicks and chart-topping podcaster—reveals all the stories behind how he came to be the angry middle-aged man he is today. Funnyman Adam Carolla is known for two things: hilarious rants about things that drive him crazy and personal stories about everything from his hardscrabble childhood to his slacker friends to the hypocrisy of Hollywood. He tackled rants in his first book, and now he tells his best stories and debuts some never-before-heard tales as well. Organized by the myriad "dumps" Carolla called home—through the flophouse apartments he rented in his twenties, up to the homes he personally renovated after achieving success in Hollywood—the anecdotes here follow Adam's journey and the hilarious pitfalls along the way. Adam Carolla started broke and blue collar and has now been on the Hollywood scene for over fifteen years, yet he never lost his underdog demeanor. He's still connected to the working class guy he once was, and delivers a raw and edgy, fish-out-of-water take on the world he lives in (but mostly disagrees with), telling all the stones, no matter who he offends—family, friends or the famous.

The popular podcaster and author of the best-selling In Fifty Years We'll All Be Chicks collects new favorite rants about things that drive him crazy, sharing stories from his underdog youth that offer insight into his views and career. 100,000 first printing.

Collects outrageous philosophies and whimsical rants by the syndicated radio personality and podcaster, detailing personal anecdotes with complaints about such topics as Lady Gaga, public restrooms, and peanut butter and jelly sandwiches.

Instant National Bestseller! Wall Street Journal and USA Today Bestseller! Three-time New York Times bestseller Adam Carolla is back to take on social media, social justice warriors, and a society gone to s\*\*t. As seen on Fox News's Fox & Friends! "As the revolution reaches its final, most humorless stage, there's no better, braver, or more insightful observer than Adam Carolla. You may feel despondent about what's happening right now. This book will remind you that you should also be amused."—Tucker Carlson In I'm Your Emotional Support Animal, Adam Carolla examines how our culture went careening off a cliff. We used to have one that created real warriors who fought world wars. Now it spawns social justice warriors who fight Twitter wars. He takes on those who are traumatized by Trump and "emotional support animal" owners who proclaim their victimhood at every airport. He stands up for the collateral damage of the #MeToo movement and for freedom of speech on "safe space" filled college campuses. Examining the calculated commercials churned out by Madison Avenue, like the ones about cars "made with love," Carolla rants on ads designed to either bum us out or make us think the corporation is run by Mr. Rogers. Turning to social media, Adam takes down the "hashtag heroes" who signal their virtue daily from atop Twitter mountain. And in the era of the Roomba, performances by dead celebrity holograms, and meals-on-demand delivery services, he looks down the road at our not-so-bright future as a species. "Adam and I agree on absolutely nothing but he's a sharp, smart, funny guy to disagree with. And there's a human heart under all the gruffness, snark, and melted cheese."—Patton Oswalt Frank, funny, and utterly unapologetic, this is not a book for those who need a trigger warning, but is THE book for everyone who wants to hit the snooze bar on the "woke" culture.

The comedian, actor, television host, podcast king, and New York Times bestselling author of President Me, Not Taco Bell Material, and In Fifty Years We'll All Be Chicks now lays down the law on the plight of the modern parent. Parents, do you often think that if your kids had to grow up the way you did—without iPads, 70-inch flatscreen TVs, American Girl dolls, and wifi in the climate controlled minivan—that they might actually be better off? Do you feel underappreciated or ignored? Do you worry you're raising a bunch of spoiled softies who will never know how to do anything themselves—because you do everything for them? If you answered yes to any of these questions, you need Daddy. Stop Talking. Adam rips parenthood a new one, telling it straight about what adults must do if they don't want to have to support their kids forever. Using his own crappy childhood as a cautionary tale, and touting the pitfalls of the kind of helicopter parenting so pervasive today, Daddy, Stop Talking is the only parenting book you should ever read. Here, too, is sage advice to Adam's own kids—and to future parents—on what matters most: dating, drinking and drugs, buying your first house and car, puberty, and what kind of assholes his kids (and yours) should avoid becoming. Even if his own son and daughter pretty much ignore everything he says, you shouldn't. And you're welcome. Again.

If you turn on the evening news or listen to NPR you'll be bombarded with a non-stop parade of commentators pontificating on the ever expanding gap between the rich and the poor. But is the chasm really that wide? In Rich Man Poor Man, comedian and bestselling author Adam Carolla exposes the phenomena that are embraced by the really rich and the really poor—but never the middle class—like having an outdoor shower, wearing your pajamas all day, or always having your dog with you. Combining Adam's inimitable comedic voice and four-color illustrations by his friend Michael Narren, Rich Man Poor Man is a hilariously accurate look at what the people born with silver spoons in their mouths have in common with the people whose only utensils are plastic sporks stolen from a Shakey's.

YOU HAVE THE RIGHT TO TO REMAIN SILENT Terrifying violence on college campuses across America. Students lashing out at any speaker brave enough to say something they disagree with. Precious snow flakes demanding "Safe Spaces" to protect them from any idea they haven't heard from their liberal professors. In this book and the accompanying movie, Dennis Prager, Mark Joseph, and Adam Carolla expose the attack on free speech and free thought. It began in the universities, but—fair warning—it's coming to your neighborhood and your workplace. "No Safe Spaces is a film every American should see. I could barely move when it was over. Powerful, emtional, and a call to action for anyone worried about the intellectual fascism happening in this country. A brave, timely, and important film." —MEGYN KELLY, former FOX News anchor and host of Megyn Kelly Today "There is no free speech in America for free thinkers! You can have free speech in America but only if you say what everybody else agrees with. It's not enough to 'live and let live' now. The psycho-elite believe 'silence is violence' and you must actively promote what THEY want no matter how vile or reprehensible it is to you. George Orwell lives! They should've called Orwell 'Nostradamus' because his most frightening prophecies have come to pass, as you will witness in No Safe Spaces!" —MANCOW MULLER, radio phenomenon "An excellent film, the best I've seen on the subject of free speech. I especially like Dennis's line, 'They have to believe we are evil; otherwise they'd have to debate us.' Perfect!" —CAL THOMAS, America's #1 syndicated columnist

"This is a book to savor, especially if you're a fast-food fan."—Bookpage "This fun, argumentative, and frequently surprising pop history of American fast food will thrill and educate food lovers of all speeds." —Publishers Weekly Most any honest person can own up to harboring at least one fast-food guilty pleasure. In Drive-Thru Dreams, Adam Chandler explores the inseparable link between fast food and American life for the past century. The dark underbelly of the industry's largest players has long been scrutinized and gutted, characterized as impersonal, greedy, corporate, and worse. But, in unexpected ways, fast food is also deeply personal and emblematic of a larger than life image of America. With wit and nuance, Chandler reveals the complexities of this industry through heartfelt anecdotes and fascinating trivia as well as interviews with fans, executives, and workers. He traces the industry from its roots in Wichita, where White Castle became the first fast food chain in 1921 and successfully branded the hamburger as the official all-American meal, to a teenager's 2017 plea for a year's supply of Wendy's chicken nuggets, which united the internet to generate the most viral tweet of all time. Drive-Thru Dreams by Adam Chandler tells an intimate and contemporary story of America—its humble beginning, its innovations and failures, its international charisma, and its regional identities—through its beloved roadside fare.

The hosts of the radio and television program "Loveline" answer questions about dating, sex, STDs, birth control, and love
