MAP Growth Lyla's Story - NWEA

The purpose of this overview is to provide our educational partners ("partners") with a high-level description of how NWEA MAP Growth complies with the GDPR and how partners as controllers have a role in supporting NWEA's compliance. As a data processor, NWEA understands its obligations to comply with the GDPR. Our GDPR program includes:

NWEA MAP Growth GDPR Overview

Introduction The latest NWEA MAP Growth norms are scheduled to be released in July 2020. NWEA conducts norming studies every three to five years to provide the best and most up-to-date information we can about student achievement and growth to better support educational decision-making. It is an important part of our commitment to our partners.

2020 MAP Growth Norms Overview and FAQ | NWEA Connection

By using MAP tests, your schools can gain insight into the growth of all students, both low and high achievers. What makes it possible is the NWEA MAP norms study, which is representative of schools across the nation. NWEA norms enable you to compare student achievement in a single term (a "status norm"), as well as across terms (a "growth norm"):
