systematic approach to writing one form of documentation, the SOAP note. The purpose of this text is to teach readers to write SOAP notes that will be reimbursable under Medicare, Part B, and managed care. With the current changes in healthcare, documentation of patient care is essential to meet standards for reimbursement of services. SOAP notes prepare students for real-world clinical practice, effectively teaching the mechanics of writing problem statements and goals, and addressing documentation in different stages of treatment and practice settings. The author walks the reader through
