New Orleans Off the Beaten Path. Known all over the world for its Mardi Gras celebrations on Bourbon Street, New Orleans is not your typical tourist destination. If you visit it outside the festive seasons, you might be disappointed. Local spots are not advertised as much, while there are many parts of the city that revellers do not even get a chance to see.

Burt Korall is widely recognized as the most authoritative writer on jazz drumming. His first book Drummin' Men—The Heartbeat of Jazz: The Swing Era is considered a classic. Now, in this exciting sequel, Korall offers a richly informative history of drumming in the Bebop era. Korall looks at this music through the eyes of the musicians themselves, covering a whole range of important jazz drummers, but focusing upon the most original and significant—principally Kenny Clarke, Max Roach, and Art Blakey. Korall provides a knowledgeable background about the history of bebop—and the unfortunate and almost universal heroin addiction that swept through the jazz world in the wake of Charlie Parker's habit. The book contains Korall's own memoir of nearly 50 years in the jazz world, linked by his narrative of the careers of these drummers and their place in the bebop jazz scene.

This album brings together some of Lee Evans's favorite classical works, music that has touched his emotions deeply. Included are some of the most beloved piano miniatures of Edvard Grieg as well as some less know works of both Grieg and Reinhold Gliere. Two of the works are piano transcriptions of orchestral works, and the other five are original piano compositions. In several places in the music, the arranger has added "mood hints of jazz," consistent with his long-time proclivity to provide a fresh perspective of established classical literature. Examples of this inclination for jazz enrichment may be found in some of his previously published books, such as Classics With a Touch of Jazz, Opera With a Touch of Jazz, Jazz Baroque:Vivaldi/Bach, and Enchanting Piano Music of Anatoly Lyadov.
