One and Only examines these ideas, including what the rise of the single-child family means for our economies, our environment, and our freedom, leaving the reader "informed and sympathetic," writes Nora Krug in the Washington Post.

A prominent journalist, only child, and mother of an only child presents a case in support of one-child family life, offering perspectives on how single-child families can benefit the economy and environment while promoting child and parent autonomy.

A prominent journalist, only child, and mother of an only child presents a case in support of one-child family life, offering perspectives on how single-child families can benefit the economy and environment while promoting child and parent autonomy.

A funny, tough-minded case for being and having an only child, debunking the myths about only children and taking glory in the pleasures of singletons: "A swift and absorbing read...may change your mind and the national conversation" (Psychology Today). Journalist Lauren Sandler is an only child and the mother of one. After investigating what only children are really like and whether stopping at one child is an answer to reconciling motherhood and modernity, she learned a lot about herself—and a lot about our culture's assumptions. In this heartfelt work, Sandler legitimizes a discussion about the larger societal costs of having more than one, which Jessica Grose in her review in The New Republic calls, "the vital part of the conversation that's not being discussed in the chatter" surrounding parenting. Between the recession, the stresses of modern life, and the ecological dangers ahead, there are increasing pressures on parents to think seriously about singletons. Sandler considers the unique ways that singletons thrive, and why so many of their families are happier. One and Only examines these ideas, including what the rise of the single-child family means for our economies, our environment, and our freedom, leaving the reader "informed and sympathetic," writes Nora Krug in the Washington Post. Through this journey, "Sandler delves deeply, thoughtfully, and often humorously into history, culture, politics, religion, race, economics, and of course, scientific research" writes Lori Gottlieb, The New York Times Book Review. "I couldn't put it down," says Randi Hutter Epstein in the Huffington Post. Sandler "isn't proselytizing, she's just stating it like it is. Seductively honest." At the end, Sandler has quite possibly cracked the code of happiness, demonstrating that having just one may be the way to resolve our countless struggles with adulthood in the modern age.

In 1865, members of a family start their day as slaves, working in a Texas cotton field, and end it celebrating their freedom on what came to be known as Juneteenth.

A NEW YORK TIMES NOTABLE BOOK * From an award-winning journalist, a poignant and gripping immersion in the life of a young, homeless single mother amid her quest to find stability and shelter in the richest city in America LONGLISTED FOR THE PEN/JEAN STEIN BOOK AWARD * "Riveting . . . a remarkable feat of reporting."--The New York Times Camila is twenty-two years old and a new mother. She has no family to rely on, no partner, and no home. Despite her intelligence and determination, the odds are firmly stacked against her. In this extraordinary work of literary reportage, Lauren Sandler chronicles a year in Camila's life--from the birth of her son to his first birthday--as she navigates the labyrinth of poverty and homelessness in New York City. In her attempts to secure a safe place to raise her son and find a measure of freedom in her life, Camila copes with dashed dreams, failed relationships, the desolation of abandonment, and miles of red tape with grit, humor, and uncanny resilience. Every day, more than forty-five million Americans attempt to survive below the poverty line. Every night, nearly sixty thousand people sleep in New York City-run shelters, 40 percent of them children. In This Is All I Got, Sandler brings this deeply personal issue to life, vividly depicting one woman's hope and despair and her steadfast determination to change her life despite the myriad setbacks she encounters. This Is All I Got is a rare feat of reporting and a dramatic story of survival. Sandler's candid and revealing account also exposes the murky boundaries between a journalist and her subject when it becomes impossible to remain a dispassionate observer. She has written a powerful and unforgettable indictment of a system that is often indifferent to the needs of those it serves, and that sometimes seems designed to fail. Praise for This Is All I Got "A rich, sociologically valuable work that's more gripping, and more devastating, than fiction."--Booklist "Vivid, heartbreaking. . . . Readers will be moved by this harrowing and impassioned call for change."--Publishers Weekly "A closely observed chronicle . . . Sandler displays her journalistic talent by unerringly presenting this dire situation. . . . An impressive blend of dispassionate reporting, pungent condemnation of public welfare, and gritty humanity." --Kirkus Reviews

The alien Catteni invaded Earth and enslaved thousands of humans on the planet Botany, where they struggle to survive while colonizing the world for their overseers. Now that they've proved Botany is capable of sustaining life, Kris Bjornsen and her fellow settlers have no intention of surrendering the home they've created for themselves... Armed with the knowledge that the true enemy behind the Catteni is the Eosi race, Kris has begun a campaign to

Download Ebook One And Only The Freedom Of Having An Child Joy Being Lauren Sandler

free Botany's settlers by raising a rebellion among her people against their parasitic oppressors. Aided by her Catteni lover, Zainal, Kris and the colonists manage to steal warships—and discover dissidents on other Eosi-controlled worlds. If all of the subjugated races join forces, they will have an army large enough to win their freedom and their worlds. The war of liberation has begun.

Patty and Walter Berglund were the new pioneers of old St. Paul—the gentrifiers, the hands-on parents, the avant-garde of the Whole Foods generation. Patty was the ideal sort of neighbor, who could tell you where to recycle your batteries and how to get the local cops to actually do their job. She was an enviably perfect mother and the wife of Walter's dreams. Together with Walter—environmental lawyer, commuter cyclist, total family man—she was doing her small part to build a better world. But now, in the new millennium, the Berglunds have become a mystery. Why has their teenage son moved in with the aggressively Republican family next door? Why has Walter taken a job working with Big Coal? What exactly is Richard Katz—outré rocker and Walter's college best friend and rival—still doing in the picture? Most of all, what has happened to Patty? Why has the bright star of Barrier Street become "a very different kind of neighbor," an implacable Fury coming unhinged before the street's attentive eyes? In his first novel since *The Corrections*, Jonathan Franzen has given us an epic of contemporary love and marriage. *Freedom* comically and tragically captures the temptations and burdens of liberty: the thrills of teenage lust, the shaken compromises of middle age, the wages of suburban sprawl, the heavy weight of empire. In charting the mistakes and joys of *Freedom*'s characters as they struggle to learn how to live in an ever more confusing world, Franzen has produced an indelible and deeply moving portrait of our time.

In the follow-up to her #1 bestselling memoir, *A Stolen Life*, Jaycee Dugard tells the story of her first experiences after years in captivity: the joys that accompanied her newfound freedom and the challenges of adjusting to life on her own. When Jaycee Dugard was eleven years old, she was abducted from a school bus stop within sight of her home in South Lake Tahoe, California. She was missing for more than eighteen years, held captive by Philip and Nancy Garrido, and gave birth to two daughters during her imprisonment. In *A Stolen Life* Jaycee told the story of her life from her abduction in 1991 through her reappearance in 2009. *Freedom: My Book of Firsts* is about everything that happened next. "How do you rebuild a life?" Jaycee asks. In these pages, she describes the life she never thought she would live to see: from her first sight of her mother to her first time meeting her grownup sister, her first trip to the dentist to her daughters' first day of school, her first taste of champagne to her first hangover, her first time behind the wheel to her first speeding ticket, and her first dance at a friend's wedding to her first thoughts about the possibility of a future relationship. This raw and inspiring book will remind you that there is, as Jaycee writes, "life after something tragic happens...Somehow, I still believe that we each hold the key to our own happiness and you have to grab it where you can in whatever form it might take." *Freedom* is an awe-inspiring memoir about the power we all hold within ourselves.
