College freshman Olivia Montgomery is thrilled at the chance to start over, escape the rumors that plagued her in high school. And she can finally put her juvenile crush, Zachary Pearson, where he belongs-in her past. Then her unrequited love strolls into her French class, shattering Olivia's newfound peace, and the feelings she'd thought buried for good come rushing back. Now she can't shake her unwanted attraction to the one guy who can twist her stomach into knots with just a smile...but has never given her the time of day. Zach's good looks may have always gotten him his pick of girls, but it's the star quarterback's skill on the football field that gives him his pick of the Big Ten colleges. To escape the crushing demands of his win-at-all-costs father, Zach opts for a private university in upstate New York where...his present and past collide. And the one girl he's always wanted but can't have-and a class trip to Paris-turn out to be the ultimate game changer that has him breaking every one of his rules.

New York Times bestselling author Brenda Novak returns to Silver Springs, where no past mistake is so big the heart can't find a way to fix it. Jada Brooks couldn't have known how her life would change when she fell for bad boy Maddox Richardson back in high school. She couldn't have known his troubled brother would leave hers forever crippled. Or that she'd be forced to shun Maddox completely/only to discover she was carrying his child. Although Maddox was devastated by the events that transpired that fateful night, losing Jada was the worst of it. He's back in Silver Springs, ready to make amends and provide the kind of youth outreach that once saved him. If he'd known Jada was in town, too, he would never have come. Jada has returned to Silver Springs to be with family after her father's death. But when she sees Maddox, every tough decision she's made concerning their now twelve-year-old daughter begins to haunt her. Falling for him again is so tempting, but not only does she stand to alienate her family—if he finds out about Maya, she could lose what matters most. Don't miss Brenda Novak's latest book, When I Found You!

Make Yourself Unforgettable tells readers how to become someone whom other people really want to work with, work for, know, and help.

The best way to ruin a perfectly wonderful friendship? Have sex with your BFF. A mistake. That's what Troy calls what was easily the single best sexual experience of my life. He claims our "slip" was due to too much alcohol. I respond the only way I know how, which is to bury the entire experience under a six-foot mound of denial and regret. Lesson learned. When I'm finally in an emotional place where I can move on with someone else, Troy does a complete about face. Now he wants me. And he wants more. That should have been the end, right? I'm getting what I've wanted since I was sixteen. But devastating news turns Troy's life upside down and soon becomes my cross to bear. And the only way I can get back everything I lost is to bare it all. Literally. Now my boyfriend may be a progressive, twenty-first century kind of guy, but when it comes to his girlfriend posing nude for Playboy? He's 100% Neanderthal. After losing her young husband, Carrie Gable buries her grief at historic the Gable Inn, the now defunct bed-and-breakfast where her mother-in-law lives and works. Before long, Doreen's medical bills drive Carrie to make an impossible choice: open for business and risk Doreen's health and safety or lose the generations-old Inn. Will Walker is a Hollywood A-lister whose star has most definitely fallen. His team assures him this period piece is just the thing to bring new life into a string of forgettable flops but another lackluster script and impossible costar make him question everything he's worked an entire career for. Entrusted to board a handful of Hollywood's most elite actors, the down-to-earth Carrie isn't blinded by the lights of fame, even when they are under her own roof. The sparks between this hometown girl and the Hollywood hottie create tension both on and off set. With stardom pulling Will in one direction and Doreen's needs tugging Carrie in another, will their attraction be just a filming fling, or a chance at something truly unforgettable?

Back then, I had it all. Wicked fastball. Killer instinct. Cocky grin. Full package. (And believe me, I knew how to score.)My senior year, I was a first round draft pick with a two-million-dollar signing bonus. Before I could even legally buy myself a beer, I made my Major League debut. Point is, I was invincible.Until one day I wasn't.After tanking my career-during the World Series, no less-the last thing I want to do is return to my hometown, where every jerk in a ball cap has an opinion about what went wrong with my arm. So when my sister drags me back to town for her wedding, I vow to get in and out of there as quickly as possible. Then I run into April Sawyer.In high school we were just friends, but I'd always wanted her, and I'd never forgotten her-the red hair, the incredible smile, the crazy, reckless thing we did in the back of my truck the night we said goodbye. It's been eighteen years, but one look at her and I feel like my old self again. I can still make her laugh, she can still take me down a notch, and when the chemistry between us explodes, it's even hotter this time around-and I don't want it to end.But just when I think I'm ready to let go of the past and get back in the game, life throws me a curveball I never saw coming.

The best historical fiction book I've read this year! I was awake until the early morning hours finishing it, because I could not put it down! The story was heartbreaking! It held me riveted from the first page to the last! Goodreads reviewer, 5 stars When Karen Cartwright is unexpectedly called home to nurse her ailing father, she goes with a heavy heart. The house she grew up in feels haunted by the memory of her father's closely guarded secrets about her beautiful mother Elizabeth's tragic death years before. As she packs up the house, Karen discovers an old photograph and a stranger's tattered love letter to her mother postmarked from Germany after the war. During her life, Karen struggled to understand her shy, fearful mother, but now she is realising there was so much more to Elizabeth than she knew. For one thing, her name wasn't even Elizabeth, and her harrowing story begins long before Karen was born. It's 1941 in Nazi-occupied Berlin, and a young Jewish woman called Liese is being forced to wear a yellow star! A beautiful and gripping wartime story about family secrets and impossible choices in the face of terrible hardship. Perfect for fans of The Tattooist of Auschwitz, We Were the Lucky Ones and The Alice Network. What readers are saying about Catherine Hokin: "What an amazing read, well written emotional and very compelling!" I was totally absorbed in the story and I would love to give it 10 stars. One of my best reads this year. I can't begin to say how much I loved this book, I couldn't put it down, absolutely brilliant! Goodreads reviewer "This is a wonderfully heart-breaking story of life, love and above all survival. A truly emotional book and very hard to put down. 5+ Goodreads reviewer "The more I read of this book, the more I had to read! What a fantastic story this is touching just about every emotion there is! Goodreads reviewer "This story just swept me away! I was left speechless! just wow!!!... I do recommend a box of tissues! This book will have you turning the pages." Red Headed Book Lady blog "This bitter-sweet story will grab you from the first page and will keep you up late at night reading chapter after chapter. The characters will stay with you long after you finish the last page. In a bookstore full of World War II novels, this one is a must-read! Goodreads reviewer "Contained within a richly detailed narrative was a story that spoke of prevalence of the human spirit, both resilient and beatific, bowed but never broken by the unfathomable horrors of war. Captivating. Sobering. Unflinching. 5+ stars." Goodreads reviewer "What an extraordinary, engaging story. It moved me to undiscovered heights of understanding and compassion. A novel that will stay in my mind forever." Goodreads reviewer

An ex is an ex for a reason To Rebecca Winters, it's not just a saying or the title to a catchy tune, it's a rule she staunchly lives by. Especially since the break up with herex. What's the point in trying to fix the [unfixable]? Besides, only a girl hell-bent onmore heartbreak would go back to the guy who bailed on her when she needed him most. But saying no to Scott is becoming more difficult than surviving the breakup itself. And unfortunately for her, the kind of pressure he's exerting is making her rule all too easy to break. Scott Carver has given up trying to get over his ex. He's still in love with her and their year apart has done nothing to change that. Yeah, he knows he screwed up. Just how royally, he wasn't aware of until now. So when Becca agrees to give him a second chance, he grabs on to it with both hands. But it's clear the only way things will ever truly be right between them is if he comes clean/about everything. He can only pray the truth doesn't send her running/for good this time.
