Lucy Swann is trying on a new life. She's bought new clothes and cut and dyed her hair. But in a small town in northern France her flight is violently cut short. When Inspector Vivier and his handsome assistant Sabine Pelat begin their investigation into her murder, the chance encounters of her last days take on a new significance. Lucy's death, like a stone thrown in a pool, sends out far-reaching ripples, altering the lives of people who never knew her, and the lives of her loved ones back home.

Handbook of Energy, Volume I: Diagrams, Charts, and Tables provides comprehensive, organized coverage on all phases of energy and its role in society, including its social, economic, political, historical, and environmental aspects. While there is a wealth of information about energy available, it is spread across many books, journals, and websites and it tends to target either a particular form of energy or a specific audience. Handbook of Energy provides a central repository of information that meets diverse user communities. It focuses on visual, graphic, and tabular information in a schematic format. Individuals and researchers at all educational levels will find the Handbook of Energy to be a valuable addition to their personal libraries. Easy-to-read technical diagrams and tables display a vast array of data and concepts

On 28 July 2008, the ASEAN Studies Centre and the Regional Economic Studies Programme, both of the Institute of Southeast Asian Studies, and the Konrad Adenauer Stiftung organized a roundtable on The ASEAN Economic Community Blueprint. The brainstorming session gathered Southeast Asian experts from the region to discuss the AEC Blueprint, which ASEAN's leaders had adopted at their summit meeting in November 2007, and the prospects of any obstacles to its implementation by the target year, 2015. The roundtable started with a progress report on the AEC Blueprint given by S. Pushpanathan, Principal Director of Economic Integration and Finance, ASEAN Secretariat, Jakarta. Thereafter, the sessions examined the various aspects of the Blueprint tackling the non-tariff barriers, designing a comprehensive ASEAN Investment Agreement, a regional framework for competition policy, the role of infrastructure development in economic integration, the importance of international production networks in economic integration, etc.
