The universally acclaimed and award-winning Oxford History of Western Music is the eminent musicologist Richard Taruskin's provocative, erudite telling of the story of Western music from its earliest days to the present. Each book in this superlative five-volume set illuminates—through a representative sampling of masterworks—the themes, styles, and currents that give shape and direction to a significant period in the history of Western music. *Music in the Early Twentieth Century*, the fourth volume in Richard Taruskin's history, looks at the first half of the twentieth century, from the beginnings of Modernism in the last decade of the nineteenth century right up to the end of World War II. Taruskin discusses modernism in Germany and France as reflected in the work of Mahler, Strauss, Satie, and Debussy, the modern ballets of Stravinsky, the use of twelve-tone technique in the years following World War I, the music of Charles Ives, the influence of peasant songs on Bela Bartok, Stravinsky's neo-classical phase and the real beginnings of 20th-century music, the vision of America as seen in the works of such composers as W.C. Handy, George Gershwin, and Virgil Thomson, and the impact of totalitarianism on the works of a range of musicians from Toscanini to Shostakovich.

Takes students beyond the "who, what, and when," exploring the "how and why" behind the story of Western Music. Now in its second edition, this text immerses students in the engaging story of the Western musical tradition. By emphasizing the connections among works, both within cultural eras and across time and place, the text goes beyond a basic retelling of the music's history to build students' ability to listen critically to key works. The Oxford History of Western Music, College Edition is a complete program for building students' understanding and

appreciation of the classical canon.

Reminded by the Instruments offers an in-depth look at the work of post-war avant-garde pianist and composer David Tudor. Examining not only Tudor's pioneering work as a composer-performer but also his homemade modular instruments that radically altered electronic music, author You Nakai illuminates our understanding of the means of sound production in experimental music.

The universally acclaimed and award-winning Oxford History of Western Music is the eminent musicologist Richard Taruskin's provocative, erudite telling of the story of Western music from its earliest days to the present. Each book in this superlative five-volume set illuminates—through a representative sampling of masterworks—the themes, styles, and currents that give shape and direction to a significant period in the history of Western music. In *Music in the Nineteenth Century*, Richard Taruskin offers a panoramic tour of this magnificent century in the history of music. Major themes addressed in this book include the romantic transformation of opera, Franz Schubert and the German lied, the rise of virtuosos such as Paganini and Liszt, the twin giants of nineteenth-century opera, Richard Wagner and Giuseppe Verdi, the lyric dramas of Bizet and Puccini, and the revival of the symphony by Brahms. Laced with brilliant observations, memorable musical analysis, and a panoramic sense of the interactions between history, culture, politics, art, literature, religion, and music, this book will be essential reading
