Oxford first encyclopedia (Book, 2005) [WorldCat.org] J.-F. Staszak, 2009, « Other/Otherness », in Kitchin R. and Thrift N. (eds.), International Encyclopaedia of Human Geography, Oxford, Elsevier, vol. 8, pp. 43-47.

(PDF) J.-F. Staszak, 2009, « Other/Otherness », in Kitchin ... The Oxford International Encyclopedia of Legal History is a comprehensive, international, interdisciplinary reference work that includes approximately 1,000 articles on all aspects of legal history throughout the world from ancient to modern times.

Starting with their own body and how it works, children soon become interested in other people, the Earth with all its animals and plants, and beyond to science, technology and the wonders of the universe. The books is comprised of seven sections covering the topics, My Body, People and Places, The Arts, The Earth, Animals and Plants, Science and Technology and The Universe. It is ideal for young readers who are curious about the world they live in.

This book is a user-friendly guide for K–12 librarians, teachers, and school library media specialists that covers all major areas in reference, from the reference interview to encyclopedias and dictionaries.

The Oxford Encyclopedia of American Military and Diplomatic History, a two-volume set, will offer both assessment and analysis of the key episodes, issues and actors in the military and diplomatic history of the United States. At a time of war, in which ongoing efforts to recalibrate American diplomacy are as imperative as they are perilous, the Oxford Encyclopedia will present itself as the first recourse for scholars wishing to deepen their understanding of the crucial features of the historical and contemporary foreign policy landscape and its perennially martial components. Entries will be written by the top diplomatic and military historians and key scholars of international relations from within the American academy, supplemented, as is appropriate for an encyclopedia of diplomacy, with entries from foreign-based academics, in the United Kingdom and elsewhere. The crucial importance of the subject is reflected in the popularity of university courses dedicated to diplomatic and military history and the enduring appeal of international relations (IR) as a political science discipline drawing on both. The Oxford Encyclopedia will be a basic reference tool across both disciplines - a potentially very significant market.

A panoramic history of the culinary traditions, culture, and evolution of American food and drink features nearly one thousand entries, essays, and articles on such topics as fast food, celebrity chefs, regional and ethnic cuisine, social and cultural food history, food science, and more, along with hundreds of photographs and lists of food museums, Web sites, festivals, and organizations.

Alphabetically-arranged entries from O to T that explores significant events, major persons, organizations, and political and social movements in African-American history from 1896 to the twenty-first-century.

Covers rights, violations, policies, agencies, individuals, and international law

Alphabetically arranged entries include discussions of individual authors, literary movements, institutions, notable texts, literary developments, themes, ethnic literatures, and "topic" essays.

The International Encyclopedia of Human Geography provides an authoritative and comprehensive source of information on the discipline of human geography and its constituent, and related, subject areas. The encyclopedia includes over 1,000 detailed entries on philosophy and theory, key concepts, methods and practices, biographies of notable geographers, and geographical thought and praxis in different parts of the world. This groundbreaking project covers every field of human geography and the discipline 's relationships to other disciplines, and is global in scope, involving an international set of contributors. Given its broad, inclusive scope and unique online accessibility, it is anticipated that the International Encyclopedia of Human Geography will become the major reference work for the discipline over the coming decades. The Encyclopedia will be available in both limited edition print and online via ScienceDirect - featuring extensive browsing, searching, and internal cross-referencing between articles in the work, plus dynamic linking to journal articles and abstract databases, making navigation flexible and easy. For more information, pricing options and availability visit http://info.sciencedirect.com/content/books/ref_works/coming/ Available online on ScienceDirect and in limited edition print format Broad, interdisciplinary coverage across human geography: Philosophy, Methods, People, Social/Cultural, Political, Economic, Development, Health, Cartography, Urban, Historical, Regional Comprehensive and unique - the first of its kind in human geography
