In this surprisingly dispassionate account, Escobar examines the meteoric career of Pablo Escobar, a notorious Medellin cartel boss. To the world, the senior Escobar was a supervillain; to the author, he was Dad, and the son attempts to set the record straight about a man who had become myth long before his violent death.

Praise for Pablo Escobar: My Father “While focusing largely on his father, Escobar also includes the grim repercussions the cartel boss’s career had on his family. The matter-of-fact prose serves the material well—when one’s daily life is a surreal blur of excess and danger, there’s no need for embellishment.”—

Pablo Escobar was the most notorious drug lord the world has ever seen. He became one of the ten richest men on the planet and controlled 80 per cent of the global cocaine trade before he was shot dead in 1993. This is the long-awaited autobiography of his eldest son, Roberto Sendoya Escobar. His story opens with two helicopter gunships, filled with heavily armed Colombian Special forces personnel led by an MI6 agent, flying into a small village on the outskirts of Bogota in Colombia. The secret mission to recover a stolen cash hoard, culminates in a bloody shoot-out with a group of young Pablo Escobar's violent gangsters. Several of the men escape, including the young Escobar. As the dust settles in the house, only a little baby is left alive. His distressing cries can be heard as his young mother lies dead beside him. That baby is the author, Roberto Sendoya Escobar. In a bizarre twist of fate, the top MI6 agent who led the mission, takes pity on the child and, eventually, ends up adopting him. Over the years, during his rise to prominence as the most powerful drug lord the world has ever known, Pablo Escobar tries, repeatedly, to kidnap his son. Flanked by his trusty bodyguards, the child, unaware of his true identity, is allowed regular meetings with Escobar and it becomes apparent that the British government is working covertly with the gangster in an attempt to control the money laundering and drug trades. Life becomes so dangerous, however, that the author is packed off from the family mansion in Bogota to an English public school. Many years later in England, as Roberto's adopted father lies dying in hospital, he hands his son a coded piece of paper which, he says, reveals the secret hiding place of the 'Escobar Missing millions' the world has been searching for! The code is published in this book for the first time.

"I have many scars. Some of them are physical, but many more are scars on my soul. A bomb sent to kill me while I was in a maximum security prison has made me blind, yet now I see the world more clearly than I have ever seen it before. I have lived an incredible adventure. I watched as my brother, Pablo Escobar, became the most successful criminal in history, but also a hero to many of the people of Colombia. My brother was loved and he was feared. Hundreds of thousands of people marched in his funeral procession, and certainly as many people celebrated his death." These are the words of Roberto Escobar-the top accountant for the notorious and deadly Medellín Cartel, and brother of Pablo Escobar, the most famous drug lord in history. At the height of his reign, Pablo's multibillion-dollar operation smuggled tons of cocaine each week into countries all over the world. Roberto and his ten accountants kept track of all the money. Only Pablo and Roberto knew where it was stashed-and what it bought. And the amounts of money were simply staggering. According to Roberto, it cost \$2,500 every month just to purchase the rubber bands needed to wrap the stacks of cash. The biggest problem was finding a place to store it: from secret compartments in walls and beneath swimming pools to banks and warehouses everywhere. There was so much money that Roberto would sometimes write off ten percent as "spoilage," meaning either rats had chewed up the bills or dampness had ruined the cash. Roberto writes about the incredible violence of the cartel, but he also writes of the humanitarian side of his brother. Pablo built entire towns, gave away thousands of houses, paid people's medical expenses, and built schools and hospitals. Yet he was responsible for the horrible deaths of thousands of people. In short, this is the story of a world of riches almost beyond mortal imagination, and in his own words, Roberto Escobar tells all: building a magnificent zoo at Pablo's opulent home, the brothers' many escapes into the jungles of Colombia, devising ingenious methods to smuggle tons of cocaine into the United States, bribing officials with literally millions of dollars-and building a personal

army to protect the Escobar family against an array of enemies sworn to kill them. Few men in history have been more beloved-or despised-than Pablo Escobar. Now, for the first time, his story is told by the man who knew him best: his brother, Roberto.

The mind-blowing true story of Pablo Escobar and the Medellin Cartel beyond their portrayal on Netflix. Colombian drug lord Pablo Escobar was a devoted family man and a psychopathic killer; a terrible enemy, yet a wonderful friend. While donating millions to the poor, he bombed and tortured his enemies - some had their eyeballs removed with hot spoons. Through ruthless cunning and America's insatiable appetite for cocaine, he became a multi-billionaire, who lived in a \$100-million house with its own zoo. Pablo Escobar: Beyond Narcos demolishes the standard good versus evil telling of his story. The authorities were not hunting Pablo down to stop his cocaine business. They were taking over it. Shaun Attwood's War on Drugs trilogy - Pablo Escobar, American Made, and We Are Being Lied To - is a series of harrowing, action-packed and interlinked true stories that demonstrate the catastrophic consequences of drug prohibition."

The explosive memoir of the two legendary drug enforcement agents responsible for taking down Pablo Escobar and the subject of the hit Netflix series 'Narcos'. Javier Peña and Steve Murphy risked their lives hunting large and small drug traffickers in the decades they spent working for the US Drug Enforcement Administration. But their biggest challenge was the hunt for Pablo Escobar in Colombia. The partners, who began their careers as small-town cops, have been immortalised in Netflix's 'Narcos', a fictionalised account of their hunt for Escobar. Now, for the first time, they tell the real story of how they brought down the world's first narco-terrorist and ended the reign of terror of the world's most wanted criminal. Manhunters takes you deep inside the inner workings of the Search Bloc, the joint Colombian-US task force that resulted in an intensive 18-month operation that tracked Escobar. Between July 1992 and December 1993, Peña and Murphy lived on the edge, setting up camp in Medellin at the Carlos Holguin Military Academy. There, they lived and worked with the Colombian authorities, hunting down a man thought to be untouchable. Their terrifying first-hand experience coupled with stories from the DEA's de-classified files on the search for Escobar forms the beating heart of Manhunters, a gripping account of how two determined and courageous agents risked everything to capture the world's most wanted man. Praise for Manhunters 'A riveting account of two brave DEA Agents who put their lives, along with their families' lives, on the line to fight the war on drugs. A must read on the take down of Pablo Escobar.' Joe Pistone, a.k.a. Donnie Brasco 'A fast-paced tale by two agents who had the inside track on bringing down the most wanted man in recent US history.' Bruce Porter, New York Times bestselling author of Blow 'Steve and Javier's experience on the front lines of the war on drugs over the last thirty years made them an invaluable source of information for a narrative of one of the most complex, poorly reported, and misunderstood chapters in our recent past.' Eric Newman, Executive Producer, 'Narcos' 'Manhunters grabs you from the first page and gives you a front-

row seat into the harrowing hunt for the brutal narco trafficker Pablo Escobar. Two unlikely heroes recount their stories in a way that is both compelling and captivating.' Colombian drug lord Pablo Escobar's ambition and ruthlessness made him one of the wealthiest, most powerful and most violent criminals of all time. Pablo Escobar, born on December 1, 1949, in Antioquia, Colombia, entered the cocaine trade in the early 1970s. He collaborated with other criminals to form the Medellin Cartel. He was killed in 1993. Referred to by his brother, Roberto, as a modern day Robin Hood, Escobar often paid for low-cost housing and other community necessities for the poor people of his neighbourhood. It was apparently a meticulously built image that Escobar promoted in his own newspaper and which ensured his protection by many Medellin citizens. Escobar built his drug trafficking industry to such an extent that he eventually controlled over 80% of the cocaine sent to America. With his own factories and an entire fleet of aeroplanes and ships, including two radio-controlled submarines, it has been estimated that Escobar smuggled 70 to 80 tonnes of cocaine from Colombia to America per month, and as much as 11 tonnes in each flight. In order to launder the drug money, the Medellin Cartel controlled a large amount of crooked white-collar workers, such as bankers, lawyers and extended family. In 1989 Escobar was listed as the seventh Richest Man in the World by Forbes magazine, with a fortune rumoured to be around \$24 billion. He certainly loved to display his wealth and lived an extravagant lifestyle. He invested much of his money in real estate, splashing out on luxurious homes, many with private helicopter ports. He owned numerous cars, helicopters and aeroplanes, a private zoo for which he imported exotic wild animals, and a massive garden filled with hundreds of fruit trees. He also owned apartments, banks and large tracts of land. For his own protection, Escobar bought the support of other criminals, who also acted as his guerrilla army, carrying out any violence he demanded. Killing Pablo is the story of the fifteen-month manhunt for Colombian cocaine cartel kingpin Pablo Escobar, whose escape from his lavish, mansionlike jail drove a nation to the brink of chaos. In a gripping, up-close account, acclaimed journalist Mark Bowden exposes the never-before-revealed details of how U.S. military and intelligence operatives covertly led the mission to find and kill the world's most dangerous outlaw. Drawing on unprecedented access to the soldiers, field agents, and officials involved in the chase, as well as hundreds of pages of top-secret documents and transcripts of Escobar's intercepted phone conversations, Bowden creates a narrative that reads as if it were torn from the pages of a Tom Clancy technothriller. Killing Pablo also tells the story of Escobar's rise, how he built a criminal organization that would hold an entire nation hostage -- and the stories of the intrepid men who would ultimately bring him down. There is Steve Jacoby, the leader of Centra Spike, the ultrasecret U.S. special forces team that would use cutting-edge surveillance technology to find one man among a nation of 37 million. There is Morris Busby, U.S. ambassador to Colombia, who would convince the Bush administration to approve the deployment of the shadowy Delta Force operators who would be the key to the drug lord's demise. And there is Escobar's archenemy, Col. Hugo Martinez, the leader of Colombia's federal police, who would turn down a \$6 million bribe, survive countless attempts on his life, and endure a humiliating exile while waging his battle against the drug lord's criminal empire. It was Martinez's son, raised in the shadow of constant threat from Escobar's followers, who would ultimately track the fugitive to a Bogota rooftop on the fateful day in 1993 when the

outlaw would finally meet his end. Action-packed and unputdownable, Killing Pablo is a tour de force of narrative journalism and a stark portrayal of rough justice in the real world.
