PEARSON SCIENCE covers the three strands of Science Inquiry Skills, Science as a Human Endeavour and Science Understanding with both interactive multimedia and books to engage students and teachers.

Inquiry-based life science curriculum for the middle school grades featuring a textbook/workbook that students can write in. May be used as part of a sequence with the Interactive science: physical science and Interactive science: Earth science titles by the same authors.

Pearson Science New South Wales 8 Teacher Companion saves you time in implementing the new AC for NSW syllabus. We have done the work for the Year 7-10 New South Wales teachers by comprehensively supporting you in the Teacher Companion. Help cater for a diversity of learners with hundreds of teaching and learning strategies, as well as extension activities and support for practical activities. These learning strategies include support for student-designed investigations, additional varied skill level activities, as well as learning strategies that specifically target Learning Across the Curriculum areas, such as literacy and numeracy support. The Pearson Science NSW series will not only save you time in implementing the NSW Syllabus for the Australian Curriculum, but it's the only series that really engages your students. The series includes content and activities presented within the context of the three NSW Syllabus strands: Knowledge and Understanding, Working Scientifically and Learning Across the Curriculum. Content identified as 'Additional' in the NSW syllabus has been clearly differentiated from core content and is carefully placed in the flow of content.

The Pearson Science New South Wales 8 Activity Book reinforces, extends and enriches learning initiated through the student book. Developed from the ground up with scientific literacy and accessibility at its core, the write-in book offers a variety of activities, learning styles and questions that are used to reinforce learning outcomes, including: clear labelling to indicate which New South Wales Syllabus areas each worksheet is covering, and a literacy review for each chapter to help students learn key terms. The Activity Book can be used for independent student work, independent classroom work, or as a complete homework program. The Pearson Science New South Wales series will not only save you time in implementing the New South Wales Syllabus for the Australian Curriculum, but it's the only series that really engages your students. The series includes content and activities presented within the context of the three New South Wales Syllabus strands: Knowledge and Understanding, Working Scientifically and Learning Across the Curriculum. Content identified as 'Additional' in the New South Wales syllabus has been clearly differentiated from core content and is carefully placed in the flow of content.
