The year-end process is modeled on the Payroll workbench, enabling you to access all steps of the year-end process from a central location. Year-end processing is controlled by a year-end ID, just like the payroll cycle is controlled by a payroll ID. When you perform a step in the year-end process, you must enter the year-end ID that you use to select the employees to receive year-end forms. You use the same year-end ID for all steps of year-end processing. Flexibility
