The first quarter of the 20th century was a time of dramatic change in auto racing, marked by the move from the horseless carriage to the supercharged Grand Prix racer, from the gentleman driver to the well-publicized professional, and from the dusty road course to the autodrome. This history of the evolution of European and American auto racing from 1900 to 1925 examines transatlantic influences, early dirt track racing, and the birth of the twin-cam engine and the straight-eight. It also explores the origins of the Bennett and Vanderbilt races, the early career of "America's Speed King" Barney Oldfield, the rise of the speedway specials from Marmon, Mercer, Stutz and Duesenberg, and developments from Peugeot, Delage, Ballot, Fiat, and Bugatti. This informative work provides welcome insight into a defining period in motorsports.

A voyage through places and ideas, *A Little Nostalgia for Freedom* explores the desire to, on the one hand, put down roots, to conform and fit in, and on the other yearn for a freer, more adventurous life. The consequence of surrendering our freedom to the mortgage and the career is that we might end up living not quite the life we expected to live, haunted by a sense of possibility just at the edge of our experience. As he takes us on a wry and idiosyncratic journey through London, Morocco, Hong Kong and the Sahara, encountering thought-provoking and odd characters along the road, Steve searches for ways that we can reconnect with our lost sense of freedom by adopting a more audacious way of being and, in doing so, open up new possibilities in our lives. The result: challenging and witty insights into the roots of our restlessness and 'five rules of the road' for a more adventurous and possibly more fulfilling life. *A Little Nostalgia for Freedom* is a playful and provoking exploration of psychological freedom that will appeal to anyone who wants to change their life. Steve blends travel, psychology and the philosophy of identity, into a slightly surreal, mischievous and challenging exploration of who we are and who we might be. The catalyst for this search is the character of Knulp, from *Knulp* by Herman Hesse, who provides encouragement and advice along the way.
