Ben Elton originally wrote "Popcorn" as a play, which I saw at Nottingham Playhouse a log time before reading the novel. It is a black comedy about a film-maker who makes violent films, and his reaction when real violence enters his life in the shape of a couple who kill for fun.

Kenneth Branagh on his return to Shakespeare in the new film 'All Is True' Good Morning America via Yahoo News - 2 years ago. Sir Kenneth Branagh might be better than anybody at telling the story of William Shakespeare.

"Bruce shoots movies. Wayne and Scout shoot to kill. In a single night they find out the hard way what's real and what's not, who's the hero and who's the villain. The USA watches slack-jawed as Bruce and Wayne together resolve some serious questions. Does Bruce use erection cream? Does art imitate life or does life simply imitate bad art? And most of all, does sugar-pie really love his honeybun?"

Bruce Delamitri makes movies about killers. Great movies, stylish movies. Bruce's movies are hip. Post-modern cinematic milestones, dripping with ironic juxtaposition. His killers are style icons. They walk cool; they talk cool. Getting shot by one of them would be a fashion statement. Enter Wayne and Scout. Real killers. Appalling, demented maniacs who kill people they do not know. Popcorn by Ben Elton is an international success, prevailing at number one for five weeks on London's Sunday Times bestseller list. This taut and darkly funny novel also poses a serious question: In a society addicted to murder, is there anything such as a responsible person?

Bruce Delamitri, a hot young Hollywood film director, is murdered at the peak of his career while making popular, stylish movies about killers. 30,000 first printing.

Ben Elton's plays in one volume for the first time
Gasping: "... an often hilarious satire on yuppiedom, advertising and corporate greed" (Daily Telegraph); "... the sharpest futuristic comedy since Henceforward, and the best Green comedy since The Good Life was young."(Financial Times).
Silly Cow: "It has an ingenious plot. . . another perfect occasion for a Ben Elton satire on the modern world. . ." (Financial Times).
Popcorn: "An enjoyable, intelligent, thought-provoking play" (Independent); "It thrills on stage precisely because it adopts the sick humour, sickening violence and downright sexiness of the Stone-Tarantino school of film-making that Elton is satirising" (Evening Standard).

Stark is a secret consortium with more money than God, and the social conscience of a dog on a croquet lawn. What's more, it knows the Earth is dying. Deep in Western Australia where the Aborigines used to milk the trees, a planet-sized plot is taking shape. Some green freaks pick up the scent: a pommie poseur; a brain-fried Vietnam vet; Aborigines who have lost their land...not much against a conspiracy that controls society. But EcoAction isn't in society: it just lives in the same place, along with the cockroaches. If you're facing the richest and most disgusting scheme in history, you have to do more than stick up two fingers and say 'peace'.

Lucy desperately wants a baby. Sam is determined to write a hit movie. The problem is that both their efforts seem to be unfruitful. And given that the average IVF cycle has about a one in five chance of going into full production, Lucy's chances of getting what she wants are considerably better than Sam's. What Sam and Lucy are about to go through is absolutely inconceivable. The question is, can their love survive? Inconcievable confirms Ben Elton as one of Britain's most significant, entertaining and provocative writers.

Ready to follow Nick Hornsby and Helen Fielding as the next big thing from Cool Britannia to hit America is Ben Elton. Already known to a wide public television audience as the funnyman behind Blackadder, The Young Ones, and The Thin Blue Line, Elton, author of Popcorn, lights up the literary sky with Blast from the Past. Part noir thriller, part hilarious send-up of the politics of extremism, Blast from the Past is the new novel from English comedy phenomenon (stand-up, playwright, television writer, and author) Ben Elton--a name soon to be known in all circles once Joel Schumacher's film of his book Popcorn reaches the silver screen. In the early 80s, when Polly was a seventeen-year-old ideological peace protestor and Jack was a U.S. Army captain stationed at England's Greenham Common, the two had a secret and very unlikely affair. No two people could have had more to argue about, save that they couldn't live without each other, yet one day Jack came to the conclusion that he loved soldiering more than Polly and sacrificed their love to be a career army man. Now, sixteen years later, Polly is a lonely thirty-something social services employee and Jack is a four-star general who has returned to Britain to find her, his only true love. With only one night to resolve their differences, and a knife-wielding stalker lurking in the shadows, for everyone concerned this will be a night like no other.

Chart Throb.The ultimate pop quest. Ninety five thousand hopefuls. Three judges. Just one winner. And that's Calvin Simms, the genius behind the show. Calvin always wins because Calvin writes the rules. But this year, as he sits smugly in judgement upon the mingers, clingers and blingers whom he has pre-selected in his carefully scripted 'search' for a star, he has no idea that the rules are changing. The 'real' is about to be put back into 'reality' television and Calvin and his fellow judges (the nation's favourite mum and the other bloke) are about to become ex-factors themselves. Ben Elton, author of Popcorn and Dead Famous returns to blistering comic satire with a savagely hilarious deconstruction of the world of modern television talent shows. Chart Throb. One winner. A whole bunch of losers.

One house. Ten contestants. Thirty cameras. Forty microphones. Yet again the public gorges its voyeuristic appetite as another group of unknown and unremarkable people submit themselves to the brutal exposure of the televised real-life soap opera, House Arrest. Everybody knows the rules: total strangers are forced to live together while the rest of the country watches them do it. Who will crack first? Who will have sex with whom? Who will the public love and who will they hate? All the usual questions. And then, suddenly, there are some new ones. Who is the murderer? How did he or she manage to kill under the constant gaze of the thirty television cameras? Why did they do it? And who will be next?

The war on drugs has been lost but for want of the courage to face the fact that the whole world is rapidly becoming one vast criminal network. From pop stars and princes to crack whores and street kids. From the Groucho Club toilets to the poppy fields of Afghanistan, we are all partners in crime. HIGH SOCIETY is a story or rather a collection of interconnected stories that takes the reader on a hilarious, heart breaking and terrifying journey through the kaleidoscope world that the law has created and from which the law offers no protection.
