tackling both business and technical issues. As business executives focus on innovation - both in products and in business models to realize these products - as a means to increase revenue and profit, they have identified collaboration and partnership with external players as keys to their success.

products that hit the mark with customers and efficiently meet business objectives (see Figure 2).

~~Product Management: A Comprehensive Approach~~
Product realization deals with the steps and processes that your organization goes through to deliver your finished goods or services. An effective Quality Management System (QMS) needs to develop a comprehensive approach to getting from the starting point to the finish line.

~~Product Realization — ISO9~~
Product realization is the term used to describe the
