CrazySwitch ¶ WiFi enabled Home Automation A WiFi enabled Relay coupled with Raspberry Pi enables to operate Lights/any other appliances using mobile phone from anywhere any-time. Home automation is the trending technology, it is the first step towards buzzing word IoT (Internet of Things) where every device has an IP address and can be ...

Home Automation using Raspberry Pi

HOME AUTOMATION for Raspberry Pi: Relays, Analog inputs and outputs, Optically Isolated digital inputs, open drain outputs. Ideal Solution for your HOME AUTOMATION projects. Read temperatures in up to 8 zones with analog inputs. Control your heating and cooling systems with 8 relays. Add another 8-RELAYS card to control your sprinklers. Use the 8 optically isolated digital inputs to implement your security system.

Best Home Automation add-on Card for Raspberry Pi zero to 4

Logon to your Raspberry Pi (ssh or at the command line, it doesn't matter) and install 1 python module: `wget http://pypi.python.org/packages/source/R/RPi.GPIO/RPi.GPIO-0.4.2a.tar.gz tar zxvf RPi.GPIO-0.4.2a.tar.gz cd RPi.GPIO-0.4.2a sudo python setup.py install` With that module installed, the server can be started (must be running for the web application to work) `sudo python /home/www-data/web2py/applications/Home_Lights/modules/GPIOServer.py`

Raspberry Pi GPIO Home Automation : 8 Steps - Instructables

Raspberry Pi Voice Controlled Home Automation: The objective of this instructable is to provide a step-by-step tutorial on how to setup a raspberry pi that can automate lights / leds with your voice commands.

Raspberry Pi Voice Controlled Home Automation : 5 Steps ...

A quick and easy way to do some home automation is to remotely control a mains socket with your Pi and some code! The Energenie Pi-mote (£17 / \$18) allows you to do just that.

Home automation add-ons for Raspberry Pi ¶ The MagPi magazine

Raspberry Pi Home Automation with Arduino Second edition is an updated version of the original book. I purchased the original a while back when it was one of the few books tackling the subject and worked through the projects, so was interested to see what the new edition contained.

Raspberry Pi Home Automation with Arduino - Second Edition ...

The Pi is now heavily adopted by the maker crowd, for projects ranging from home automation to IoT, prompting Linux distributions other than Raspbian, including Ubuntu and Red Hat's Fedora, to offer native Raspberry Pi builds. "By default we stick with Raspbian because it is what we know works out of the box," Tischler said.
