Manual of Environmental Management is a practical guide for those involved in the control and reduction of environmental impacts in organisations. This comprehensive and practical guide takes you through the main environmental challenges organisations face and the improvement strategies used to manage them. Chapter by chapter, Manual of Environmental Management discusses the fundamental issues and principles surrounding environmental policy, law and management and provides crucial information on how to respond and implement environmental programmes. This book is the perfect reference tool for the environmental professional and an invaluable study text for those preparing for professional examinations such as the NEBOSH Environmental Diploma and IEMA Associate Membership Exam.

Take Me To Truth is the first book to present a practical guide to the six stages involved in shedding our distorted ego perception. It explains why our search for real happiness has eluded us and how to perceive the Love for which we all yearn so deeply. As Gary Renard says in the Foreword... despite the thousands of things we may appear to have to choose from in this world, there are really only two things, and only one of them is real. The ego is not. Take me to Truth heralds the next crucial step in the pursuit of evolutionary consciousness.
