In Western esotericism the Left-Hand Path and Right-Hand Path are the dichotomy between two opposing approaches to magic. This terminology is used in various groups involved in the occult and ceremonial magic. In some definitions, the Left-Hand Path is equated with malicious black magic or black shamanism, while the Right-Hand Path with benevolent white magic. Other occultists have criticised this definition, believing that the Left-Right dichotomy refers merely to different kinds of ...

The handedness of a screw refers to the direction in which the helical thread wraps around the screw shaft - right-hand threads run in a clockwise direction, whereas left-hand threads (as seen in our range of left handed threaded bars) run in an anti-clockwise direction. It may seem obvious that the 'handedness' of a screw originates from human physiology.
