Bobo Lo* Russian Foreign Policy The Return

A sober account of Russian foreign policy 1991-2011, viewed primarily through the lens of Realism and Constructivism. I'm glad this came out in 2012, seeing as this nuanced analysis of Russian actions and motives vis-à-vis both its neighbours and NATO probably couldn't have been published today. That said, there's nothing in here that refuting the possibility of Russia going as far as ...

The Russians Return – Foreign Policy

Russian foreign policy has never been explicitly anti-American and Russian leaders have always sought good relations with the United States to the extent that it was compatible with their main goal: Russia is a great power. With this second edition, revised and enlarged, the author hopes to show how this hypothesis remains relevant and shapes the

This has brought a balance to Russian foreign policy, though for the time being it is unstable. On one hand, heightened interest in the East was a consequence of the rise of Asia as the global center of the world economy and politics. On the other hand, Moscow was obliged to acknowledge the weakness and vulnerability of its geopolitical and geoeconomic position in the east of the country. With ...

of Russian foreign policy since the end of the Cold War.

Jeffrey Mankoff argues that Russia's more assertive behavior since Vladimir Putin became president in 2000 has resulted from both a deep-seated consensus among its elite about Russia's identity and interests as well as a favorable convergence of events-including the persistence of high energy prices and the check on U.S. power resulting from the wars in Iraq and Afghanistan. Because these factors are the result of long-term trends, the author argues that there is little reason to.

Now thoroughly updated, this widely praised book provides a thoughtful and balanced examination of the development of Russian foreign policy since the end of the Cold War. This

edition also places developments of the past two decades into the broader sweep of Russian history. Jeffrey Mankoff argues that Russia's more assertive behavior since Vladimir Putin became president in 2000 has resulted from both a deep-seated consensus among its elite about Russia's identity and interests as well as a favorable convergence of events—including the persistence of high energy prices and the check on U.S. power resulting from the wars in Iraq and Afghanistan. Because these factors are the result of long-term trends, the author argues that there is little reason to expect that the election of Dmitry Medvedev will fundamentally alter Russian foreign policy behavior. Presenting an evenhanded treatment of controversial issues, Mankoff analyzes Russia's interactions with major global

actors, including the United States, the European Union, the Commonwealth of Independent States, and China. Despite Moscow's often-harsh rhetoric and the deployment of Russian forces against Georgia in 2008, the author convincingly demonstrates that there is little reason to fear a return to a Cold War-like standoff with the West. Instead, he argues, today's Russia is more interested in restoring what its leaders consider to be its rightful place among the world's major powers rather than in directly challenging the West. Thoroughly researched and knowledgeable, this book will be invaluable for all readers interested in Russia.

1992 and assesses the future prospect for the foreign policy of Europe's largest country. Together these essays offer an authoritative summary and assessment of Russia's relations with its neighbors and with the rest of the world since the collapse of the Soviet Union.

Russia's resurgence as an assertive actor in the global diplomatic arena after a long period of introspection and preoccupation with domestic troubles, and the economic revival that underpins it, are among the most striking developments in international relations of recent years. But what drives Russian foreign policy at the end of the Putin era? To what extent is it shaped by Russia's role as a major energy supplier, and how long can the country remain an

Download Ebook Russian Foreign Policy The Return Of Great Power Politics Council

energy superpower, if indeed it is one? How might Russian foreign policy change in the years ahead? Which way will Russia, faced with the might of growing powers around it, and struggling with the fragility of its economic success and stability at home, choose to face in international relations? This Adelphi Paper examines the domestic context of contemporary Russian foreign policy and its key political, economic, military and security drivers, as well as looking at the contrasting outlook that preceded it, and at how Russias international posture may adjust again in the coming years. It concludes with recommendations for Western policy makers on how to respond to Russias return.

Providing a comprehensive overview of Russia's foreign

policy directions, this handbook brings together an international team of scholars to develop a complex treatment of Russia's foreign policy. The chapters draw from numerous theoretical traditions by incorporating ideas of domestic institutions, considerations of national security and international recognition as sources of the nation's foreign policy. Covering critically important subjects such as Russia's military interventions in Ukraine and Syria, the handbook is divided into four key parts: Part I explores the social and material conditions in which Russia's foreign policy is formed and implemented. Part II investigates tools and actors that participate in policy making including diplomacy, military, media, and others. Part III provides an overview of Russia's directions towards the United States, Europe, Asia, the

Download Ebook Russian Foreign Policy The Return Of Great Power Politics Council

Middle East, Eurasia, and the Arctic. Part IV addresses the issue of Russia's participation in global governance and multiple international organizations, as well as the Kremlin's efforts to build new organizations and formats that suit Russia's objectives. The Routledge Handbook of Russian Foreign Policy is an invaluable resource to students and scholars of Russian Politics and International Relations, as well as World Politics more generally.

This book investigates the options, the debates and the ensuing policies of the fledgling Russian government. It examines the evolution of policy from the collapse of the Soviet Union in December 1991 until the Presidential elections in June 1996. Analysing Russia's actions in the

context of contemporary foreign policy theory, Nicole J. Jackson discusses and compares three key conflicts: the separatist war between Moldova and Transdniestria; the separatist war between Georgia and Abkhazia and the civil war in Tajikistan. It will be of interest to students and researchers of international relations, security, foreign policy analysis and Russian studies.

This book explores how far messianism, the conviction that Russia has a special historical destiny, is present in, and affects, Russian foreign policy. Based on extensive original research, including analysis of public statements, policy documents and opinion polls, the book argues that a sense of mission is present in Russian foreign policy, that it is very

Download Ebook Russian Foreign Policy The Return Of Great Power Politics Council

similar in its nature to thinking about Russia's mission in Tsarist times, that the sense of mission matters more for Russia's elites than for Russia's masses, and that Russia's special mission is emphasised more when there are questions about the regime's legitimacy as well as great power status. Overall, the book demonstrates that a sense of mission is an important factor in Russian foreign policy.

A third edition of this book is now available. Now fully updated and revised, this clear and comprehensive text explores the past thirty years of Soviet/Russian international relations, comparing foreign policy formation under Gorbachev, Yeltsin, Putin, and Medvedev. Challenging conventional views of Moscow's foreign policy, Andrei P. Tsygankov shows that

Download Ebook Russian Foreign Policy The Return Of Great Power Politics Council

definitions of national interest depend on visions of national identity and is rooted both in history and domestic politics. Yet the author also highlights the role of the external environment in affecting the balance of power among competing domestic groups. Drawing on both Russian and Western sources, Tsygankov shows how Moscow's policies have shifted under different leaders' visions of Russia's national interests. He gives an overview of the ideas and pressures that motivated Russian foreign policy in five different periods: the Gorbachev era of the late 1980s, the liberal "Westernizers" era under Kozyrev in the early 1990s, the relatively hardline statist policy under Primakov, the more pragmatic statist course under Putin, and the assertive policy of the late Putin and early Medvedev era. Evaluating the successes and failures of

Download Ebook Russian Foreign Policy The Return Of Great Power Politics Council

Russia's foreign policies, Tsygankov explains its many turns as Russia's identity and interaction with the West have evolved. The book concludes with reflections on the emergence of the post-Western world and the challenges it presents to Russia's enduring quest for great-power status along with its desire for a special relationship with Western nations.

In a truly contemporary analysis of Moscow's relations with its neighbors and other strategic international actors, Nikolas K. Gvosdev and Christopher Marsh use a comprehensive vectors approach, dividing the world into eight geographic zones. Each vector chapter looks at the dynamics of key bilateral relationships while highlighting major topical

issues—oil and energy, defense policy, economic policy, the role of international institutions, and the impact of major interest groups or influencers—demonstrating that Russia formulates multiple, sometimes contrasting, foreign policies. Providing rich historical context as well as exposure to the scholarly literature, *Russian Foreign Policy: Interests, Vectors, and Sectors* offers an incisive look at how and why Russia partners with some states while it counter-balances others.
