This updated version of the Penguin Russian Course introduces the learner, through translation extracts, to the culture and life of the modern (post Glasnost) Soviet Union that was, as well as to the Russian language.

The revised second edition of Basic Korean: A Grammar and Workbook is an accessible reference grammar and workbook in one volume. The text can be used in conjunction with any primary textbook, both as a practice book to reinforce learning and as a reference guide to the basics of Korean grammar. This book is comprised of 26 units covering key aspects of Korean grammar students would expect to encounter in their first year learning the language. Grammatical descriptions are followed by examples and exercises which allow students to reinforce and consolidate their learning. This new edition has been updated and enhanced to include more varied exercises and contemporary vocabulary and dialogues. Clearly presented and user-friendly, Basic Korean provides readers with the essential tools to express themselves in a wide variety of situations, making it an ideal reference grammar and practice resource for both beginners and students with some knowledge of the language.

The Blue Book of Grammar and Punctuation is filled with easy-to-understand rules, real-world examples, dozens of reproducible exercises, and pre- and post-tests. This handy workbook is ideal for teachers, students in middle school through college, ESL students, homeschoolers, and professionals. Valuable for anyone who takes tests or writes reports, letters, Web pages, e-mails, or blogs, The Blue Book offers instant answers to everyday English usage questions.

For the businessperson, tourist or student. Common situations, such as; going through Customs, checking into hotel, making phone calls, going to the post office, extending and accepting an invitation. Learn about the country's history and culture, driving tips, social customs, as well as basic language skills, vocabulary, grammar and phrases.

Modern Russian Grammar Workbook is an innovative book of exercises and language tasks for all learners of Russian. The book is divided into two parts. Section 1 provides exercises based on essential grammatical structures. Section 2 practises everyday functions such as making introductions, apologizing and expressing needs. A comprehensive answer key at the back of the book enables students to check on their progress. Main features include: exercises graded according to level of difficulty cross referencing to the related Modern Russian Grammar topical exercises which develop students' vocabulary base. The Modern Russian Grammar Workbook is ideal for all learners of Russian, from beginner to intermediate and advanced students. It can be used both independently and alongside the Modern Russian Grammar: A Practical Guide, also published by Routledge. John Dunn is Honorary Research Fellow and Shamil Khairov is Lecturer in Russian, both at the School of Modern Languages and Cultures, University of Glasgow.

This textbook allows instructors to deliver in one academic year a full first-year Russian language curriculum. It consists of ten lessons that cover all major grammar topics and provide an ample amount of essential vocabulary on a variety of themes.

Explanations of errors missed by spell checkers Learn to: Improve your writing and editing Understand  
and apply grammar rules Avoid common errors Connect grammar with style

We all know the basics of punctuation. Or do we? A look at most neighborhood signage tells a different story. Through sloppy usage and low standards on the internet, in email, and now text messages, we have made proper punctuation an endangered species. In *Eats, Shoots & Leaves*, former editor Lynne Truss dares to say, in her delightfully urbane, witty, and very English way, that it is time to look at our commas and semicolons and see them as the wonderful and necessary things they are. This is a book for people who love punctuation and get upset when it is mishandled. From the invention of the question mark in the time of Charlemagne to George Orwell shunning the semicolon, this lively history makes a powerful case for the preservation of a system of printing conventions that is much too subtle to be mucked about with.

Based on extensive research, *Grammar and Beyond* ensures that students study accurate information about grammar and apply it in their own speech and writing. This is the first half of *Student's Book, Level 4*. The *Student's Book* is the main component of *Grammar and Beyond*. In each unit, students study the grammar in a realistic text and through charts and notes informed by a billion-word corpus of authentic language. The exercises provide practice in reading, writing, listening, and speaking, making this a complete course. Students learn to avoid common mistakes, based on an extensive corpus of learner language. Each unit concludes with a *Grammar for Writing* section, in which students apply the grammar in an extended writing task.
